Lipton, PHD, 2015-10-13 Unleashing the power of consciousness matter and miracles It has been ten years since the publication of *The Biology of Belief* Bruce Lipton's seminal book on the relationship between mind and body that changed the way we think about our lives our health and our planet During that time research in this field has grown exponentially Lipton's groundbreaking experiments have now been endorsed by more than a decade of rigorous scientific study In this greatly expanded edition Lipton a former medical school professor and research scientist explores his own experiments and those of other leading edge scientists that have unraveled in ever greater detail how truly connected the mind body and spirit are It is now widely recognized that genes and DNA do not control our biology Instead they are controlled by signals from outside the cell including energetic messages emanating from our thoughts This profoundly hopeful synthesis of the latest and best research in cell biology and quantum physics puts the power to create a healthy joyous life back in our own hands When we transform our conscious and subconscious thoughts we transform our lives and in the process help humanity evolve to a new level of understanding and peace [God and Science](#) Linda Gauthier, 2020-10 There is a cosmic energy that is all creative in the universe We are using this energy everyday whether we know it or not Linda reveals the ways God and science use energy What was once seen as metaphysical is now being proven in laboratories on a subatomic level Most of us are operating on auto pilot and reacting to every circumstance that comes into our life We are miss using our energy to support our fears and limitations We keep repeating the same painful and destructive patterns Using positive thinking and affirmations isn't working We think we need more will power and we blame ourselves The reason that this isn't making lasting changes in our life is because we are using the wrong part of our mind What we discover is that it is our beliefs that

are controlling our life Our beliefs are buried in our subconscious mind Until now we have been unaware of what was hidden there Using PSYCH K we can bring our traumas and limiting beliefs to light When we see what has been holding us back and making us sick we are able to replace those beliefs with new beliefs that create health wealth and joy When we harness this energy we can live in peace love and joy We can rise to our highest vibration We are all connected to and interdependent upon each other When you raise your vibration you raise the vibration of the world We are in a time when we can accelerate our human potential beyond anything we have ever imagined
