It Came from Something Awful Dale Beran,2019-07-30 How 4chan and 8chan fuel white nationalism inspire violence and infect politics The internet has transformed the ways we think and act and by consequence our politics The most impactful recent political movements on the far left and right started with massive online collectives of teenagers Strangely both movements began on the same website an anime imageboard called 4chan org *It Came from Something Awful* is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture Dale Beran has observed the anonymous messageboard community s shifting activities and interests since the beginning Sites like 4chan and 8chan are microcosms of the internet itself simultaneously at the vanguard of contemporary culture politics comedy and language and a new low for all of the above They were the original meme machines mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together During the recession of the late 2000 s the memes became political 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement But within a few short years the site s ideology spun on its axis it became the birthplace and breeding ground of the alt right In *It Came from Something Awful* Beran uses his insider s knowledge and natural storytelling ability to chronicle 4chan s strange journey from creating rage comics to inciting riots to according to some memeing Donald Trump into the White House

life in neighbor s or family member s open discussion of bizarre conspiracy theories reveling in the fantasy of mass murdering the liberals they believe are drinking the blood of children These are the results of the deranged series of lies stoked by former President Donald Trump made worse by the global pandemic The first steps of an American fracture were predicted by Malcolm Nance months before the January 6 2021 insurrection heralding the start of a generational terror threat greater than either al Qaeda or the Islamic State Nance calls this growing unrest the Trump Insurgency in the United States or TITUS The post 2020 election urge to return to a place of normalcy to forget is the worst response we can have American militiamen terrorists and radicalized political activists are already armed in mass numbers and regularly missed in the media principally because Trump s most loyal and violent foot soldiers benefit from the ultimate privilege being white They Want to Kill Americans is the first detailed look into the heart of the active Trump led insurgency setting the stage for a second nation wide rebellion on American soil This is a chilling and deeply researched early warning to the nation from a counterterrorism intelligence professional America is primed for a possible explosive wave of terrorist attacks and armed confrontations that aim to bring about a Donald Trump led dictatorship *The Storm Is Upon Us* Mike Rothschild, 2021-06-22 I hope everyone reads this book It has become such a crucial thing for all of us to understand Erin Burnett CNN An ideal tour guide for your journey into the depths of the rabbit hole that is QAnon It even shows you a glimmer of light at the exit Cullen Hoback director of HBO s *Q Into the Storm* Its messaging can seem cryptic even nonsensical yet for tens of thousands of people it explains everything What is QAnon where did it come from and is the Capitol insurgency a sign of where it s going next On October 5th 2017 President Trump made a cryptic remark in the State Dining Room at a gathering of military officials He said it felt like the calm before the storm then refused to elaborate as puzzled journalists asked him to explain But on the infamous message boards of 4chan a mysterious poster going by Q Clearance Patriot who claimed to be in military intelligence began the elaboration on their own In the days that followed Q s wild yarn explaining Trump s remarks began to rival the sinister intricacies of a Tom Clancy novel while satisfying the deepest desires of MAGA America But did any of what Q predicted come to pass No Did that stop people from clinging to every word they were reading expanding its mythology and promoting it wider and wider No Why not Who were these rapt listeners How do they reconcile their worldview with the America they see around them Why do their numbers keep growing Mike Rothschild a journalist specializing in conspiracy theories has been collecting their stories for years and through interviews with QAnon converts apostates and victims as well as psychologists sociologists and academics he is uniquely equipped to explain the movement and its followers In *The Storm Is Upon Us* he takes readers from the background conspiracies and cults that fed the Q phenomenon to its embrace by right wing media and Donald Trump through the rending of families as loved ones became addicted to Q s increasingly violent rhetoric to the storming of the Capitol and on And as the phenomenon shows no sign of calming despite Trump s loss of the presidency with everyone from Baby Boomers to Millennial

moms proving susceptible to its messaging and politicians starting to openly espouse its ideology Rothschild makes a compelling case that mocking the seeming madness of QAnon will get us nowhere Rather his impassioned reportage makes clear it s time to figure out what QAnon really is because QAnon and its relentlessly dark theory of everything isn t done yet

Trust the Plan Will Sommer,2023-02-21 Punchy and well reported Sommer is the perfect person to tell this story New York Times A story so bizarre only Will Sommer could report it Molly Jong Fast The definitive book on QAnon from the reporter knows them best Will Sommer explains what it is how it has gained a mainstream following among Republican lawmakers and ordinary citizens the threat it poses to democracy and how we can reach those who have embraced the conspiracy and are disseminating its lies The Storm is Coming Trust the Plan WWG1WGA You ve seen the letter Q on TV and in the news it s been everywhere from Trump rallies to the January 6th insurrection QAnon used to sound vaguely familiar somewhat ominous but not quite mainstream But what was once a fringe conspiracy theory has now become a household name and its symbols recognizable around the world How did this happen who is actually involved what do they believe and what do they want Daily Beast reporter Will Sommer has been on the ground with Q s followers since day one and in Trust the Plan Sommer has written the definitive book on the movement who started it and who grew it what they really believe is going on and what they want to see the Storm accomplish on the day of its reckoning At once a character study and a journalistic expos Sommer lets his cast of characters do the talking as he visits them around the world from their makeshift compounds to the rallies they are still holding The great tragedy of this story is ultimately the legitimization of this ideology by mainstream politicians eager to gain access to a large and growing cohort of voters Though 2020 brought the end of Trump s presidency his following within the QAnon community has simply pivoted and grown stronger Trust the Plan shows us in granular detail who we ll be up against for years to come in the US and abroad Understanding why and how something like Q happens is an indispensable exercise and in showing us how we got here we can chart a path out **Ethnography in**

the Open Science and Digital Age: New Debates, Dilemmas, and Issues Colin Jerolmack,Alexandra Murphy ,Victoria Reyes,2024-06-19 In the current moment ethnography is caught up in a number of debates that have led ethnographers to reflect on classic methodological and ethical dilemmas in new ways The replication crisis had led to a movement for open science e g registering hypotheses in advance sharing codes and data but it seems unclear that recommended best practices are appropriate to ethnography It s even up for debate whether ethnography is more of a social science or a genre The fact that many ethnographies are widely read invites questions and criticisms from beyond the ivory tower including our subjects about the ethics of representation e g who has license to write about whom and the extent to which journalistic standards of data verification and transparency e g fact checking naming sources should apply to qualitative research Some ethnographers are calling for more open critical discussions about the embodied dimensions of fieldwork including not only emotions but also issues like sexual intimacy and harassment There s also a growing expectation that ethnographers

empower our subjects to represent and analyze themselves What's more as more of social life is lived online it becomes increasingly unclear where the boundaries of the field site should be drawn and whether ethnographic conventions can be applied wholesale to the study of digital spaces
