Rabbinic Scholarship in the Context of Late Antique Scholasticism Catherine Hezser, 2024-12-12 Based on an understanding of scholasticism as a cross cultural phenomenon undertaken by rabbinic Graeco Roman and Christian scholars in late antiquity this book examines the development of Palestinian rabbinic compilations from social historical and literary historical perspectives The book focuses on the compilation of the Talmud Yerushalmi in the context of late antique scholarly practice aimed at preserving past knowledge for future generations This book provides insight into how rabbinic scholarship in the Land of Israel participated in the wider intellectual practices of Roman Byzantine times Beginning with the social educational and legal contexts that generated rabbinic knowledge Catherine Hezser goes on to investigate the oral and written transmission of rabbinic traditions to eventually examine the compilation of the Talmud Yerushalmi with a comparative and redaction historical approach Integrating Palestinian rabbinic education and scholarship into the context of late antique Graeco Roman and Byzantine Christian scholarly practices Catherine Hezser demonstrates how rabbinic compilatory techniques resembled but also differed from those of Hellenistic Roman and Christian scholars The book highlights how rabbinic compilations are idiosyncratic and create a distinct rabbinic identity Overall Hezser argues that rabbinic scholarship was an integral part of late antique intellectual life in the Near Middle East and should be recognized as an Eastern equivalent to Western paideia based forms of scholarship in the Roman Byzantine period and beyond The Scholarship Book, 13th Edition National Scholarship Research Service, Daniel J. Cassidy, 2008-07 This comprehensive guide to private sector scholarships grants and loans gives students essential tips for determining which awards they qualify for helps them write winning essays and cover letters and provides useful lists of recommended Web sites and publications
