Teaching World History as Mystery Jack Zevin, David Gerwin, 2010-12-07 Offering a philosophy, methodology, and examples for history instruction that are active, imaginative, and provocative, this text presents a fully developed pedagogy based on problem-solving methods that promote reasoning and judgment and restore a sense of imagination and participation to classroom learning. It is designed to draw readers into the detective process that characterizes the work of professional historians and social scientists: sharing raw data, defining terms, building interpretations, and testing competing theories. An inquiry framework drives both the pedagogy and the choice of historical materials, with selections favoring the unsolved, controversial, and fragmented rather than the neatly wrapped-up analysis of past events. *Teaching World History as Mystery* provides a balanced combination of interestingly arranged historical content and clearly explained instructional strategies. Features case studies of commonly and not so commonly taught topics within a typical world/global history curriculum using combinations of primary and secondary documents. Discusses ways of dealing with ethical and moral issues in world history classrooms, drawing students into persisting questions of historical truth, bias, and judgment. *Victory*

Secrets of Attila the Hun Wess Roberts, 2012-06-20 This sequel to *Leadership Secrets of Attila the Hun* goes beyond the first book's focus on individual leadership and applies Attila's wisdom and lessons to the challenges of leadership in organizations. As essential for business managers and leaders as its now classic predecessor.

The Bible, Gender, and Sexuality: Critical Readings Lynn R. Huber, Rhiannon Graybill, 2020-10-01 Key readings on sex and gender as related to the Bible, divided into four areas and presented with introductions and annotated further reading lists.
