## **Venmo How To:**

*How to Annoy your Ex!* Daniel W Thomson,2026-02-07 This book aims to provide a humorous and creative outlet for individuals navigating the often complex and emotionally charged aftermath of a breakup It addresses the common yet often unexpressed desire for lighthearted retribution or a sense of playful control after a relationship ends By offering a collection of amusing and harmless pranks the book seeks to transform potential lingering negative emotions into laughter and amusement fostering a sense of closure and well being for the reader through cathartic comedic action The core issue this book addresses is the emotional residue that can remain after a breakup specifically the feelings of frustration lingering attachment or a desire for a final albeit humorous interaction It aims to bring about a shift in perspective encouraging readers to approach these feelings with levity and creativity rather than dwelling on negativity The book champions the idea that a good laugh and perhaps a cleverly executed harmless prank can be a more effective and enjoyable way to move on than prolonged sadness or anger

complex and require an understanding of the ecology of the disease and how these interact in space and time. Knowing where and when diseases are prevalent, who is affected, and what may be driving these outcomes is important for determining how to respond. In reality, we all would like to be healthy and live in healthy places. In this book, epidemiology and public health are integrated with spatial data science to examine health issues in dynamically changing environments. This is too broad a field to be completely covered in one book, and so it has been necessary to be selective with the topics, methods, and examples used to avoid overwhelming introductory readers while at the same time providing sufficient depth for geospatial experts interested in health and for health professionals interested in integrating geospatial elements for health analysis. A variety of geographic information, some novel, some volunteered, some authoritative, some big and messy, is used with a mix of methods consisting of spatial analysis, data science, and spatial statistics to better understand health risks and disease outcomes.

**Key Features:** Makes spatial data science accessible to health; Integrates epidemiology and disease ecology with spatial data science; Integrates theoretical geographic information science concepts; Provides practical and applied approaches for examining and exploring health and disease risks; Provides spatial data science skill development ranging from map making to spatial modelling.

*Very Slowly All at Once* Lauren Schott, 2026-01-20: A propulsive and wickedly entertaining debut thriller for fans of Laura Dave and Ashley Elston that explores the dark underside of the American dream about a couple whose financial problems are seemingly answered when they begin receiving growing sums of money from an unknown source, a windfall that will carry an unthinkable price. Mack and Hailey Evans have worked hard to achieve their upper middle class life: promising careers, two beautiful children, and a brand new house in the exclusive lakefront village of Bratenahl, Ohio. Not that everything's perfect: aging parents' problems at work and even the upkeep on that gorgeous house have been causing these two increasing amounts of worry. When a small check appears in the mailbox from a mysterious company named Sunshine Enterprises, Mack assumes it's from his wealthy estranged father, trying to buy his way back into their lives. Though he'd rather rip it up, Mack deposits the needed funds. To his surprise, the checks keep coming, each for a larger amount, larger than the last. When Hailey finds out what's going on, she has her own suspicions about the provenance of the payments. Despite growing uncertainty over the identity of their benefactor, Mack and Hailey keep taking the money. After all, there are bills to pay. It is a choice with dark repercussions, as the couple soon learns the hard way that nothing in life is free. Suddenly, the Evans find themselves in a harrowing arrangement with someone who will stop at nothing to get a return on their investment.

**Country Life**, 1907 *Day Trading Attention* Gary Vaynerchuk, 2024-05-21: New York Times and USA Today Bestseller. One thing I've learned being around Gary for the last decade is that when he sees new consumer trends or new best practices in marketing, people should listen and act on them. Michael Rubin, CEO of Fanatics. In his seventh business book, bestselling author, entrepreneur, and investor Gary Vaynerchuk offers fresh, in-depth advice to enhance brand development, grow sales, and beat the competition using modern advertising strategies grounded in social media. In his 2013

bestseller *Jab Jab Jab Right Hook* Gary Vaynerchuk showed the world how to create winning content for underpriced attention channels. But since then new platforms have emerged others have become less relevant and algorithms are incentivizing new styles of content. New skills are necessary to create advertising that builds brand and sales. In his latest book Vaynerchuk argues that today's fast growing businesses, brands, content creators and influencers have one thing in common. They mastered storytelling in areas of underpriced attention which predominantly exists across a handful of social media platforms. Informed by 20 years of business and marketing success he contends that the biggest transformation and opportunity is the TikTokification of Social Media. Increasingly platforms are distributing content based on what users are interested in rather than who they follow. In *Day Trading Attention* Gary offers detailed advice on how small businesses, large corporations and creators can understand attention, what it is, where it is, where it's underpriced and how to leverage it. Produce relevant strategic content. Use modern advertising platforms to build brand and grow sales in today's rapidly changing environment.

**Around the World in 60 Seconds** Nuseir Yassin, Bruce Kluger, 2019-11-05. Based on the Nas Daily video series with over 13 million dedicated followers comes the surprising moving 1 000 day journey of a lifetime in book form. In 2016 Nuseir Yassin quit his job to travel for 1 000 consecutive days. But instead of the usual tourist traps Nas set out to meet real people, see the places they call home and discover what unites all of us living on this beautiful planet from villages in Africa and slums in India to the high rises of Singapore and the deserts of Australia. While he journeyed from country to country Nas uploaded a single 60 second video per day for his Nas Daily Facebook following to highlight the amazing, terrifying, inspiring and downright surprising sh t happening all over the world. Thirteen million followers later Nas Daily has become the most immersive travel experience ever captured and finally shows us what we've all been looking for each other. *Around the World in 60 Seconds* is Nas's unpredictable 1 000 day world tour in book form. At times a striking portrait of the most uncharted places in the world, at others a touching exploration of the human heart, this collection of life affirming stories and breathtaking photographs changes how we think about humanity and community and invites us all on a journey to see the world and each other anew.

**Finance** Stephen A. Ross,Bradford D. Jordan,Randolph Westerfield,Gordon Sam Roberts,J. Ari Pandes,Thomas A. Holloway,2021 When the three of us decided to write a book we were united by one strongly held principle Corporate finance should be developed in terms of a few integrated powerful ideas We believed that the subject was all too often presented as a collection of loosely related topics unified primarily by virtue of being bound together in one book and we thought there must be a better way One thing we knew for certain was that we didn t want to write a me too book So with a lot of help we took a hard look at what was truly important and useful In doing so we were led to eliminate topics of dubious relevance downplay purely theoretical issues and minimize the use of extensive and elaborate calculations to illustrate points that are either intuitively obvious or of limited practical use **The Quiet Zone** Stephen Kurczy,2021-08-03 In this riveting account of an area of Appalachia known as the Quiet Zone where cell phones and WiFi are banned journalist Stephen Kurczy explores the pervasive role of technology in our lives and the innate human need for quiet Captures the complex beauty of a disconnected way of life The Nation With a new afterword to the paperback edition Deep in the Appalachian Mountains lies the last truly quiet town in America Green Bank West Virginia is a place at once futuristic and old fashioned It s home to the Green Bank Observatory where astronomers search the depths of the universe using the latest technology while schoolchildren go without WiFi or iPads With a ban on all devices emanating radio frequencies that might interfere with the observatory s telescopes Quiet Zone residents live a life free from constant digital connectivity But a community that on the surface seems idyllic is a place of contradictions where the provincial meets the seemingly supernatural and quiet can serve as a cover for something darker Stephen Kurczy embedded in Green Bank making the residents of this small Appalachian village his
