World Series This Week Install:

Crack of the Bat James R. Walker, Pat Hughes, 2015-05-01 The crack of the bat on the radio is ingrained in the American mind as baseball takes center stage each summer. Radio has brought the sounds of baseball into homes for almost one hundred years, helping baseball emerge from the 1919 Black Sox scandal into the glorious World Series of the 1920s. The medium gave fans around the country aural access to the first All Star Game, Lou Gehrig's farewell speech, and Bobby Thomson's Shot Heard Round the World. Red Barber, Vin Scully, Harry Caray, Ernie Harwell, Bob Uecker, and dozens of other beloved announcers helped cement the love affair between radio and the national pastime. *Crack of the Bat* takes readers from the 1920s to the present, examining the role of baseball in the development of the radio industry and the complex coevolution of their relationship. James R. Walker provides a balanced, nuanced, and carefully documented look at radio and baseball over the past century, focusing on the interaction between team owners, local and national media, and government and business interests, with extensive coverage of the television and Internet ages when baseball on the radio had to make critical adjustments to stay viable. Despite cable television's ubiquity, live video streaming, and social media, radio remains an important medium through which fans engage with their teams. The evolving relationship between baseball and radio intersects with topics as varied as the twenty-year battle among owners to control radio, the development of sports as a valuable media product, and the impact of competing technologies on the broadcast medium. Amid these changes, the familiar sounds of the ball hitting the glove and the satisfying crack of the bat stay the same. While there was good reason, there is much more to his unbelievable career. Born a third-generation farmer in the small town of Morrison, Illinois, Arnie Beswick's driving career began not behind the wheel of a straight-line terror but that of a tractor. On local, dusty roads, Arnie's budding reputation grew with street cars, as the flying farmer was coined to describe his driving style. When drag racing began in the Midwest in the early 1950s, Arnie was one of the pioneers who campaigned Dodges and Oldsmobiles. In 1960, he purchased his first Pontiac and never looked back. At the beginning, he didn't like the farmer nickname, but he quickly learned to utilize the name to lull his competition into complacency. After all, what could a simple farmer know of the world of high-performance drag racing? Throughout the 1960s, Arnie's Mr. B's Passionate Poncho, Mystery Tornado, Star of the Circuit I and II, Tameless Tiger, and Super Judge all contributed to dispelling the myth that a simple farmer couldn't dominate straight-line racing. Arnie was an innovator, fierce competitor, entertainer, and showman who always gave fans their money's worth at the track. He is still brand loyal, sticking with Pontiac long after production models ceased. Arnie has always been a fan favorite for this reason, and he continues to exhilarate fans at the track with his cast of potent Pontiacs.
