Hunt,2026-02-13 At the intersection of performance studies and food studies this pioneering collection explores food as more than just a subject of study it s a medium of artistic expression communication and embodied knowledge Drawing from a decade of collaborative work through the American Society for Theatre Research working group 2014 2023 this volume brings together diverse voices examining how food shapes and reflects our understanding of identity culture and sustainability in an increasingly complex world The collection stands out for its innovative approach to thinking with food moving beyond traditional academic analysis to engage with food as an active participant in performance and meaning making Contributors explore how food practices inform our relationships with place community and environment while addressing urgent questions about global foodways and survival Through a combination of scholarly research and artistic exploration these essays reveal how food serves as both a lens for understanding contemporary challenges and a tool for imagining new possibilities in performance sustainability and cultural exchange This interdisciplinary work offers vital insights for scholars artists and practitioners interested in the intersection of performance food studies cultural theory and environmental sustainability providing fresh perspectives on how food based knowledge and practice can inform our response to global challenges      *Progressive Farmer* ,1997      **Enquire Within Upon Everything** Robert Kemp Philp,1871

**Women Engineering Legends 1952-1976:** Cecilia D. Craig,Holly J. Teig,Debra A. Kimberling,Janet L. Williams,Jill S. Tietjen,Vicki S. Johnson,2026-01-01 This book offers a concise history of 25 legendary women who made significant contributions to engineering and were recognized for their work by the Society of Women Engineers SWE between 1952 and 1976 In addition the book provides a backdrop of the cultural and technical advances that led up to the time they were recognized The book includes inspiring stories of their engineering career achievements and the legacies of how these women made a difference in the world Set against a backdrop of important cultural and technology milestones each chapter stands on its own as a complete story of a specific legendary engineer Viewed as a group these 25 technological luminaries provide an important perspective about women in the engineering and computer science fields Each section represents a five year increment beginning with a setting the stage discussion followed by the stories of the five engineers who were recognized during those years which can also be read independently      *Official Gazette of the United States Patent Office* USA Patent Office,1908      **Reading the Racial Encounter in Multi-Media Texts** Neil Cocks,2026-02-16 Reading the Racial Encounter engages constructions of race through the analysis of scenes of meeting or encounter in three multimedia texts Such scenes are rarely if ever subject to book length analysis yet such a project can arguably allow race to be understood in new and challenging ways This book s focus is on three texts that offer particularly nuanced and reflexive

engagements with race representation a video essay exploring Gypsy aesthetics by artists Daniel Baker and Paul Ryan Boots Riley s television series I m a Virgo and Jean Baudrillard s controversial travelogue America Taking an approach to these three texts that is rooted in extended reflexive and especially fine grained analysis and an interest in questions of perspective and framing the book analyses how their complexities might be further worked through whilst exploring also some of the difficulties in so doing This work will be of particular interest to scholars and advanced students of race theory literary studies media studies and cultural analysis who seek fresh methodological approaches to understanding how race is constructed performed and contested across different media landscapes
