Frederick,2008-04-15 In a series of articles specifically commissioned for this volume some of today s most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics Sections of the book cover topics such as the often easy relation between business ethics and capitalism the link between business ethics and ethical theory how ethics applies to specific problems in the business world the connection between business ethics and related academic disciplines and the practice of business ethics in modern corporations Includes extensive accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect comprehensive book for use in business ethics courses Professional Ethics - Study Text/Workbook ,2007-05 Responsibility, Ethics and Legitimacy of Corporations Jacob Dahl Rendtorff,2009 Business ethics corporate social responsibility corporate citizenship values driven management corporate governance and ethical leadership are necessary horizons for the legitimacy of corporations in the process of globalization Based on hermeneutics and institutional analysis this book discusses the place of values in corporations and the role of ethics in management With the theories of business ethics as a starting point it is possible to propose a vision of the good citizen corporation The book presents theories concepts of responsibility for stakeholder justice and basic ethical principles of respect for autonomy dignity integrity and vulnerability This is the foundation for an analysis of the ethical relations to internal and external constituencies of the firm i e shareholders owners investors management employees consumers and local community The interaction with the environment is further analyzed with a focus on ethical principles as the basis for sustainability This investigation culminates with the conceptualization of the firm as a collective and institutional moral agent The content also includes analysis of concrete political developments in the US Europe and the United Nations Finally the book provides a framework for a new corporate strategy based on global business ethics

Corporate Social Performance: A Stakeholder Approach Stuart Cooper,2017-07-05 Corporate social performance has come of age In a business environment characterized by its perpetual state of flux the ability to recognize and react to global forces becomes paramount The fallout of such rapid change the fast paced developments in communications and technology the continual change to global markets shifting demographics the homogenization of personal values have all contributed to the widespread new interest in issues such as ecology and environment human rights and diversity health and well being and communities All of these issues are now potential liabilities for companies and are very much back on the agenda for business Once regarded as peripheral management concerns they are now recognized as hard to predict and hard for business to deal with when they go wrong This book offers an insight into how corporate social performance can be measured and why this is an important aspect of corporate social responsibility Using detailed case studies it provides

readers with the foundations for understanding and applying corporate social performance providing a stakeholder framework by which corporate social performance can be measured alongside a detailed consideration of the value of different stakeholder measures The book also applies this framework to new social accounting standards enabling the reader to consider the validity and appropriateness of these standards The increasingly important role of the internet for corporate social reporting is also considered *The National Guide to Educational Credit for Training Programs* American Council on Education,2005 Highlights over 6 000 educational programs offered by business labor unions schools training suppliers professional and voluntary associations and government agencies **AAT** Association of Accounting Technicians,2012
