Myers, 2014-01-20 David Myers' briefest introduction to psychology speaks to all students regardless of their background or level of preparedness with no assumptions made in the vocabulary examples or presentation Students of all kinds are comfortable with Myers' manageable chapters which include careful connections to associated visuals comparative tables and research-based pedagogy For this edition there is something completely new to a Myers text David Myers personally selected new coauthor Nathan DeWall's enthusiasm for teaching and writing about psychological science makes him uniquely suited to join the world's bestselling psychology textbook author And with about 30 more pages of coverage this edition has become an even stronger and more complete introduction to the science of psychology for courses of all kinds Thoughts & Prayers Bryan Bliss, 2020-09-29 In his unflinching and resonant new novel Bryan Bliss shows that there is no straight line through trauma no easy recipe for healing Instead in three loosely connected stories of young people bound by an all too familiar tragedy he deftly illuminates the small moments of human connection and resolve that might just lead to a place of grace Gayle Forman bestselling author of *If I Stay* and *I Have Lost My Way* *Fight Flight Freeze* What do you do when you can't move on even though the rest of the world seems to have Powerful and tense *Thoughts & Prayers* is an extraordinary novel that explores what it means to heal and to feel safe in a world that constantly chooses violence Claire Eleanor and Brezzen have little in common Claire fled to Minnesota with her older brother Eleanor is the face of a social movement and Brezzen retreated into the fantasy world of *Wizards Warriors* But a year ago they were linked They all hid under the same staircase and heard the shots that took the lives of some of their classmates
