Mohamed Atta 9/11 Hijackers Pamela Lillian Valemont, 2016-06-29 There is scarcely a small child in the English speaking western world particularly the United States of America who does not recognize the name of Mohamed Atta He made a name for himself that was horrifyingly notorious as the ringleader of a 20 man terrorist group the pilot who flew a hijacked plane laden with terrified passengers into the North Tower of the World Trade Center Conversely there would be many fundamentalist Islamics who revere the name of Mohamed Atta To them he goes down in history as a martyr someone heroic not only to be admired but emulated This book will show that at least on the part of Atta and some others involved this was not only politically religiously motivated but was an aircraft assisted suicide A numerological criminal analysis and profile of all 20 suicide terrorists who carried out the 9 11 attacks including the lone terrorist who helped coordinate the attacks from overseas having failed to obtain a visa He now is a prisoner of the United States government **Atta Troll and other**
