Vegan Witchcraft is the first book to blend theories of animal rights feminism and modern witchcraft in pursuit of total liberation. Perhaps the most foundational of all ethics in modern witchcraft is the creed Do no harm. Despite this, multispecies suffering persists in nonvegan witchcraft. Vegan Witchcraft examines this intriguing conflict, unpacking the role of Nonhuman Animals in modern witchcraft from a vegan feminist perspective to illuminate inequalities that persist in alternative spiritual practices in the West. Recognizing Nonhuman Animals as comrades instead of consumables, vegan witchcraft confronts the harm imposed on nature, humans, and other animals and identifies witchery as a powerful conduit for social change that draws its energy from plant-based foods, multispecies solidarity, and feminine power. The book critically analyzes popular witchcraft pathways in Britain and America to interrogate the many ways in which Nonhuman Animals are overlooked, objectified, or exploited, highlighting theological inconsistencies and missed opportunities that might be overcome to create a stronger practice for women and their communities. It reimagines witchcraft practice and lore to manifest justice and compassion for fellow humans, Nonhuman Animals, and nature. Veganism is advanced as a magical practice of self-care, community responsibility, conscious consumption, societal transformation, and environmental protection. The book calls for the redirection of the modern witch's path toward a just world and away from the systematic, symbolic, and material exploitation of Nonhuman Animals that permeates witchcraft today. This book will be essential reading for those interested in critical animal studies, animal rights, ecofeminism, vegan religious studies, environmental philosophy, and witchcraft.

Green Witchcraft for Beginners Lisa Chamberlain, 2023-01-10. Discover the Magic of Nature's Divine Intelligence. Do you feel drawn to nature in a way you can't quite explain? Is there some part of you that only feels at home in the great outdoors? Do your souvenirs from vacations tend to be rocks and seashells rather than tee shirts and keychains? Are you interested in witchcraft and magic? If you've answered yes to more than one of these questions, then green witchcraft may very well be for you. Green witchcraft has emerged as a modern form of an ancient spirituality, and its increasing popularity suggests that more and more people are seeking a new pathway back to living in harmony with the Earth. A revival of ancient approaches to magic, healing, and divine connection adapted for modern times, green witchcraft is not a religion or even a formal path of witchcraft.
