Attila, King of the Huns Patrick Howarth,1994 Attila the Hun has been known to the world for centuries as a bloodthirsty tyrant and as little else In this piece of historical reconstruction Patrick Howarth shows how wrong the judgement of the world has been Amazon com **Attila** John Man,2006-07-11 Chronicles the life of Attila the Hun focusing on his conflicts with the Roman Empire his influence over the history of Europe his image in the modern world his reputation for savagery and other related topics **Attila the Hun** Arthur K. Britton,2016-07-15 The Romans called Attila the Hun the Scourge of God and he stands out as one of the most brutal barbarians of the ancient world Though historians know surprisingly little about Attila what they do know confirms that he was an incredibly successful leader He united bands of his people to conquer large sections of Europe in the fifth century The vicious tactics of these nomadic peoples are matched only by the storied biography of their leader This fascinating account of Attila is supported by ancient primary sources as well as imaginative artwork depicting the ruler and his people Attila Franz H. Bäuml,Marianna D. Birnbaum,1993 **Attila, King of the Huns, and His Predecessors: a Historical Treatise** William Herbert,2015-12-07 Attila Emperor of the Hunnic Empire and thus most commonly known as Attila the Hun is an idiosyncratic figure who has become more myth than man not least because much of his life is shrouded in mystery Perhaps the most famous barbarian in history Attila was the lord of a vast empire spanning two continents but he is best remembered for what he did not conquer Though he seemingly had Rome at his mercy in 452 he ultimately decided not to sack the Eternal City and a year later he had suffered a mysterious death What is known about Attila came mostly from Priscus a guest of his court who wrote several books about Attila s life in Greek Unfortunately much of that work was lost to history but not before the ancient writer Jordanes relied on it to write his own overexaggerated account of Attila s life And like their leader the Huns themselves are an instantly recognizable name with mysterious origins most of what is known about the Huns came from Chinese sources thousands of miles and an entire continent away from Italy Naturally the dearth of information and the passage of time have allowed myths and legends to fill in the most important details of Attila s life Why did a man at war with the Roman Empire for so long decide not to sack Rome in 452 Did a meeting with Pope Leo the Great convince him to spare the capital of the Western half of the empire Did a vision from St Peter induce Attila to convert to Christianity Was Attila murdered by his new bride Many authors and chroniclers have provided many answers to the many questions but the lack of answers has allowed Atilla to become the face of ancient barbarity and the embodiment of the furious nomadic conqueror *Attila the Hun* Bonnie Harvey,2013 Using what he learned from Roman soldiers as a child hostage Attila the Hun eventually returned to his native tribe of the Huns and unified them into a powerful army Attila, the Hun Bonnie C.
