**The Cumulative Book Index**, 1996 A world list of books in the English language

**Management** David Boddy, 2005

The language is highly accessible and this makes it particularly suitable for undergraduate and international students at all levels

The combination of extended case material shorter cases and illustrations of management in practice makes for a varied and stimulating approach

The activities will encourage and enable students to work independently to develop both their knowledge and skills

Abby Cathcart Sunderland Business School University of Sunderland

I like the activities that explicitly ask for critical reflection and am sure that my students will benefit from the development of their critical thinking skills

The cases and examples in the book are helpful both because they come from a wide variety of national backgrounds and because companies like Ryanair and Nokia are familiar names

Ad van Iterson Organization and Strategy Department Faculty of Economics and Business Administration Maastricht University

All the case studies are both relevant and appropriate there is a wide spread of international examples and a striking variety of organisations throughout the chapters which will undoubtedly enhance the students learning process

Paschal McNeill Department of Business Administration Quinn School of Business University College Dublin

What is management and what activities and behaviour does it entail

How do ideas and theories of management apply to commercial enterprise and other areas of work

How is the environment of management changing and what are the impacts of recent trends

Management An Introduction addresses these and many other questions by providing a comprehensive account of the themes and functions of management

Aimed at the first time student of the subject and written in a highly accessible style this is an academically rigorous text which brings the topic to life with a wide range of appealing and readily identifiable examples

Among the most valuable features and aids to learning in the book are

Case studies on organisations as diverse as Ryanair Vodafone Ericsson and Oxfam to provide relevant illustrations of theory in practice

Critical Reflections to encourage the application of personal experience and critical thinking to the issues in question

Skills Development Activities to build practical and work based competences

Key Terms highlighted in the text and defined both at the margin and in a full Glossary
