*Finding the Lost Art of Empathy* Tracy Wilde-Pace, 2019-05-21 Pastor Tracy Wilde reflects on the absence of empathy in today's world and shares how Christians can renew their compassion to help unify not only the church but society as well in this timely and refreshing guide. Achieving meaningful relationships and cultivating lasting connections with others are often some of the most valuable experiences of our lives. So why can it sometimes feel so difficult to relate to the people around us if we all share the same human desire to bond? In *Finding the Lost Art of Empathy* Tracy Wilde addresses the reasons why we struggle with showing empathy toward others and explains why we ultimately avoid it and even avoid contact with others altogether. She explores the different facets that have promoted isolation instead of community and provides the antidote for a more unified, loving, and empathetic society. Inspirational and encouraging, Wilde inspires us to self-reflect and remove whatever obstacles from our lives that may be blocking our way to true fulfillment in our relationships and living life the way God intends us to.

[The Ethics of AI](#) Rainer Mühlhoff, 2025-05-30 Available open access digitally under CC BY-NC-ND licence. In a world where artificial intelligence increasingly influences the fabric of our daily lives, this accessible book offers a critical examination of AI and its deep entanglement with power structures. Rather than focusing on doomsday scenarios, it emphasises how AI impacts our everyday interactions and social norms in ways that fundamentally reshape society. By examining the different forms of exploitation and manipulation in the relationship between humans and AI, the book advocates for collective responsibility, better regulation, and systemic change. This is a resounding manifesto for rethinking AI ethics through a power-aware lens. With detailed analysis of real-world examples and technological insights, it is essential reading for anyone invested in the future of AI policy, scholarly critique, and societal integration.
