E-ffective Writing for E-learning Environments Katy Campbell,2004-01-01 E ffective Writing for E Learning Environments integrates research and practice in user centered design and learning design for instructors in post secondary institutions and learning organizations who are developing e learning resources The book is intended as a development guide for experts in areas other than instructional or educational technology in other words experts in cognate areas such as Biology or English or Nursing rather than as a learning design textbook The organization of the book reflects the development process for a resource course or program from planning and development through formative evaluation and identifies trends and issues that faculty or developers might encounter along the way The account of the process of one faculty member s course development journey illustrates the suggested design guidelines The accompanying practice guide provides additional information examples learning activities and tools to supplement the text

Bargaining with Baseball William B. Gould IV,2014-01-10 In 1995 William B Gould IV then chairman of the National Labor Relations Board cast the deciding vote to obtain the injunction that ended the longest strike in baseball history Sixteen years of peaceful relations between baseball labor and management have followed as well as unprecedented prosperity in a relationship that had just endured 30 years of strikes and lockouts This study which clearly illustrates the practical impact of law on America s pastime considers the 140 year sweep of labor management relationships and conflict exploring player owner disputes the development of free agency the collective bargaining process and the racial integration of baseball among other topics It concludes with a discussion of the steroids era the problem with maintaining Jackie Robinson s legacy in the 21st century and globalization

Transforming from Consumer to Producer in 90 Days Darryl L. Wortham,2011-08-10 FOREWORD The core concept is not just saving money but saving time and energy as well These savings are multiplied together giving you more money to invest To summarize I created the equation $ET \times M2 = INVEST$ in which saving Money Energy and Time ET are multiplied to generate More Money M2 to INVEST This equation is fundamental to your success You must be prepared to take action to start having enough money to accomplish your goals to stop living paycheck to paycheck and to retire early If you are on course to make the same income as last year or worse facing declining take home pay because of ever increasing taxes medical costs and declining economy dont give up Saving money energy and time will generate more money to invest creating real income and wealth Transforming you from consumer to producer You must expand yourself personally as well as enhance your inner and micro economics Rather than growing a mega companys revenue or the financial fortitude of millionaires pockets you are going to grow your own individual savings account retirement plan and childrens college funds This book is a guide to help you create a path and roadmap to a life of saving money reducing debt living efficiently and creating wealth by investing within a reasonable timeframe Together we will examine four major building blocks that inspire

and accelerate behavioral changes 1 Why and how to change your behavior and lifestyle 2 How to save money energy and time 3 How to invest your money energy and time savings to improve your present situation and build for the future 4 How to create and implement a transformation plan Progressive ideas and hilarious cheap strategies are also detailed These are necessary to exceed your personal and financial goals I want you to be thrilled about life saving money for a brighter future and early retirement while having fun at the same time

Broadcasting & Cable ,2007-10

Legal Issues in Professional Baseball Lewis Samuel Kurlantzick,2005 The volume will be the second in an ongoing project on the legal regulation of athletics It will consist of a set of essays on a variety of legal issues facing professional basketball The contributors are a distinguished group of academics and practitioners who have long focused their intellectual efforts on the legal governance of professional and amateur athletics And this is a much needed addition to the law literature both in the United States as well as internationally Basketball now rivals soccer in worldwide popularity Accordingly one chapter will attend to the international dimension of the sport A principal focus will be the present restrictions on the free flow of labor and capital Thus leagues abroad commonly place a limit on the number of foreign players i e Americans who can be on a team roster Comparable limitations are placed on foreign ownership of teams In addition the National Basketball Association NBA has an agreement with FIBA the international governing body for basketball that regulates movement of players across continents The legality of these arrangements will be evaluated While attention will be paid to the law of the European Union the principal assessment will be under United States antitrust law That assessment also raises the important issue of the reach of American law with respect to international transactions The globalization of the sport has been aided by the development of the internet which has affected the manner in which games and information about games are disseminated Not surprisingly issues about the control of cybermarket opportunities as between leagues and teams have come to the fore The law both facilitates and limits these developments in light of the public interest in access to information A full chapter will explore these internet related issues Employer employee relations and in particular disciplinary arrangements have a distinctive cast in the NBA as compared with more conventional industries That uniqueness flows from the lack of the typical market constraint on management discipline Imagine an insurance industry executive For him market forces tend to limit the potential for abusive treatment by his employer and provide him with other employment options if he is maltreated This market constraint does not operate in professional basketball because a Commissioner suspension amounts to a ban on hiring by all employers in the industry A chapter will present a critique of the disciplinary arrangements that have evolved in

the NBA The location and relocation of franchises are matters of central importance for teams league and municipalities The league s ability to artificially limit the number of franchises below the market clearing number provides teams with major leverage over communities anxious to keep or acquire a professional franchise The manner in which a municipality might constrain exercise of this market power is a matter of enduring social importance One chapter will analyze leasing arrangements as one response Another chapter will explore the dynamics of team municipality negotiations Both will use the move of the Seattle Supersonics to Oklahoma City as a starting point Among the four major sports in the United States basketball alone supports a professional women s league A chapter will examine the history organizational structure and distinctive problems of the WNBA This chapter may provide a vehicle for exploration of societally related gender and discrimination issues as well Contributors Ira Finkelstein a graduate of Harvard Law School has had very extensive experience in sports litigation Some of that litigation experience has involved disputes with the NBA He is a member of the Committee on Sports Law of the Association of the Bar of the City of New York Russ VerSteeg graduated Phi Beta Kappa from the University of North Carolina at Chapel Hill and magna cum laude from the University of Connecticut School of Law He has taught at New England Law School since 1991 and specializes in Sports Law Copyright Trademarks and Legal History He has published four books and over twenty five law review articles His most recent book is Sports Law Cases and Materials Jacquelyn Bridgeman is on the faculty of the University of Wyoming s College of Law She received her undergraduate degree from Stanford University and her law degree from the University of Chicago Her scholarship has been concentrated in the areas of discrimination and race issues
