*Young Consumer Behaviour* Ayantunji Gbadamosi, 2017-11-22 Although one perspective depicts young consumers as vulnerable and passive in the marketplace system our knowledge of this consumer group will be inadequate if limited to this contention Their roles and relevance in family consumption activities are becoming increasingly profound Available evidence shows that they cannot be ignored in the marketplace dynamics as they consume goods and services in their households and are involved in various other active roles in their household consumption including making decisions where applicable Hence the landscape of young consumer behaviour is changing *Young Consumer Behaviour A Research Companion* focusses on exploring the behaviour of young consumers as individuals and societal members The chapters address different aspects of consumption activities of children as individuals like motivation involvement perception learning attitude the self and personality Similarly chapters on consumer behaviour in social settings contextualised to young consumers including culture sub culture family and groups are incorporated into the book This book fills a gap in the literature by addressing the dynamics of consumption patterns of this consumer group in relation to various marketing stimuli and different stakeholders It combines eclectic perspectives on the topic and specifically bridges the gap between historical perspectives and contemporary issues Building on the extant literature in the field of marketing and consumer behaviour this book is a

compendium of research materials and constitutes an essential reference source on young consumer behaviour issues with both academic and managerial implications *Snapchat Marketing Excellence - Social Media Marketing, Building Following the Smart Way* Nishant Pal, Shubhangi Maheshwari, 2021-03-24 Social media marketing has become a Massive Source of traffic for contemporary companies particularly those targeting the younger demographic It is rare to find a successful company that doesn't participate with Facebook Twitter and other social media platforms But one platform which is not typically viewed from a marketing perspective is Snapchat the social media app which allows users to send limited viewing time self destructing video and picture messages It might not seem like an ideal platform for marketing however the statistics may surprise you Sumpto a company focused on marketing to college age individuals found that 73% of college students would open a Snapchat from a familiar brand and 45 percent would start one by an unknown brand The app had 30 million users as of December had surpassed the number of users on Instagram in the united states alone and has growing utilization abroad The picture messages do disappear as soon as a user views them however there are still a few interesting and novel marketing chances The most interesting thing about Snapchat Is the immediacy of their experience While there are workarounds to save the images there is still a time limit on how much time it will be on the app As a marketer you can add a sense of urgency Try out Snapchatting a few limited time discount codes for example Keeping in mind that the pictures can only be shown for up to ten seconds keep the code short and easy to remember Crucial to this strategy though is giving a brief deadline for using the codes a few hours or even a day at most This way users may know that they need to open messages from you shortly as soon as they get them to avoid missing the goodies **Coupon Code Tracker** B.
