**Learning That Matters** Susan Davis, 2016-03-22 This book presents research and practice which revitalises Heathcote's Rolling Role an innovative trans disciplinary model which connects the work of multiple classes to engage in collaborative imaginative work The original model was developed by legendary teacher Dorothy Heathcote an educational innovator who gained international fame for her transformational work centred on dramatic framing to activate meaningful and important learning She developed models that encouraged teachers to curate powerful learning experiences through careful planning framing enactment and reflection Teacher in Role and Mantle of the Expert are the most well known of her strategies approaches where the teacher exercises high selectivity in a range of mediational tools and means so as to empower students as agents with the power to act While the Rolling Role model is less well known Heathcote herself believed that it had great potential to be realised through using websites and digital technologies In the wake of her passing and ongoing examinations of her legacy a practical exploration was initiated to reconceptualise the Rolling Role model through the use of digital platforms The resulting project The Water Reckoning was an international project which engaged students in exploring ideas related to climate change water based catastrophe and human resilience Further analysis and archival research have informed a deeper understanding of key principles for implementing Rolling Role and its potential for global collaboration and learning This work has included close analysis of a set of 16 videotapes Heathcote created as a set of consultations for teachers The book therefore collects together for the first time accounts regarding the historical development of the Rolling Role system examples of its use and reflections on its application through the use of digital technologies Rolling Role has the potential to be applied in a wide range of educational contexts with its focus on engaged learning and learning that matters

**Creativity Policy, Partnerships and Practice in Education** Kim Sneyd, Pat Thomson, Anne Harris, 2018-10-31 This book examines the gaps in creativity education across the education lifespan and the resulting implications for creative education and economic policy Building on cutting edge international research the editors and contributors explore innovations in interdisciplinary creativities including STEM agendas and definitions science and creativity and organisational creativity amongst other subjects Central to the volume is the idea that good creative educational practice and policy advancement needs to reimagine individual contribution and possibilities whilst resisting standardization it is inherently risky not risk averse Prioritising creative partnerships zones of contact practice encounters and creative ecologies signal new modes of participatory engagement Unfortunately while primary schools continue to construct environments conducive to this kind of slow education secondary schools and education policy persistently do not This book argues from diverse viewpoints and methodological perspectives that 21st century creativity education must find a way to advance in a more integrated and less siloed manner in order to respond to pedagogical innovation economic imperatives and creative possibilities and adequately prepare students for creative practice workplaces and publics This

innovative volume will appeal to students and scholars of creative practice as well as policy makers and practitioners

Ancient Extravagance Ryan Snider, 2024-10-29 Find the beautiful and come alive We are all frittering away our lives at least according to someone They tell us to be productive and not waste our opportunities In Ancient Extravagance Ryan Snider shows us that life is more than our accomplishments and what we do The key to a life of meaning is developing our spiritual senses which only come awake when we worship with others That might seem like a waste of time but in fact these ancient practices have the power to wake up all parts of our lives not just Sunday morning Snider begins with a recovery of childlike wonder and story reclaiming how prose poetry memory and reflection heal and strengthen the soul Next he turns to melodies our grandmothers taught us examining how they reach into our bones He then reflects on what it means to eat meals with strangers and how a simple act of hospitality can gently inscribe love generosity gratitude and hospitality in our hearts These seemingly insignificant practices are mustard seeds that grow into trees to create shade for the world When we cease simply going to worship and start becoming the worship we will discover the friendships beauty purpose stories and sacred moments that will save us and make us more human Deeply meaningful and delightfully humorous candid yet surprising Ancient Extravagance will connect you with a more beautiful and meaningful life Psyche and Soul in America

Robert H. Abzug, 2021 The first biography of Rollo May a psychoanalyst and popular philosopher of the 1950s through 1980s whose ideas reached millions of readers through such works as *Love and Will* and *Man's Search for Himself* and helped create popular acceptance of psychotherapy in its golden age *Struggle, Resistance, and Decolonization in African American Literature after 1960* W. Lawrence Hogue, 2026-03-17 In belonging to an oppressed colonized racial group in the West where their voices humanity history culture reality and subjectivity are perpetually under siege distorted and or erased African American writers since the 1960s have struggled to be heard and represented Yet despite the racism terror trauma and dehumanization they in revisiting reclaiming and reassessing their history and culture used their decolonized imaginations and agency to reconfigure their history subjectivity and reality and to invoke a more humane and just world with love despite all the odds **The Integrative Mind** Tobin Hart, 2014-06-25 In a world on fire with unprecedented

possibility as well as peril what kind of mind is needed in order to thrive and survive How can education help develop human potential to be a match for this reality *The Integrative Mind* radically updates the vision that we hold for education the pedagogy that can help us achieve it and the human consciousness that underlies it all Consciousness and culture has been thrown out of balance by the neglect of key ways of meeting the world The solution at the edge of this new episteme is not so much about what we know but instead about how we know With practical applications and contemporary research Tobin Hart shows that the way into the future requires a recalibration of mind Hart explores five missing minds contemplative empathic beautiful embodied and imaginative These help open the aperture of consciousness enabling us to move as Thomas Berry said from seeing the world as a collection of objects to experiencing it as a communion of subjects The result is an

essential deepening of understanding and our humanity      **When Texas Prison Scams Religion** Michael G. Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars      **Summary of Rollo May's The Courage to Create** Everest
