Becky Kueker thought she had it all publishing a new book *Hiding in My Pajamas* three years ago and launching a national speaking career traveling the country at 75. What more could you ask coming off a two year low after she retired struggling with the emotional stereotypes that deal with retirement and aging. It was not until a complicated surgery requiring six months in a wheelchair and endless rehab turned her life in a new direction she could never have expected. Fighting fear, depression and the realization that she would once again have to start over. Becky shares her journey facing a new beginning, discovering that it's laughter that changes everything. Meeting passionate people who inspired her. Chapters are filled with poignant stories from women and men who have proven that aging does not have to define you and new beginnings are possible. Their stories are powerful and highlight the determination it takes to live your best life and what the passage of time means to how capable we are of embracing change. Not being financially prepared for retirement has become a national epidemic. Her chapter *Learning to Live After Retirement* features stories from those who were not aware that not planning was just speculating and rolling the dice on what might be. The shock that their savings will not be sufficient to retain the lifestyle they lived before offers a glimpse of a generation not prepared. Interviewing her husband and other men about retirement and aging highlights the unexpected marital turbulence that finds its way into very personal struggles that no one saw coming. Finding humor every painful step of the way as she learns how to walk again. *A Classic in Clown Shoes* is a roller coaster ride of emotions resonating with honesty. *Ski*, 2002-05. *Big Design, Small Budget* Betsy Helmuth, 2014-10-07.
