Takayoshi Miyamoto, 2018-07-27 Let's face it, college is expensive these days. While that is certainly true, I have had the rare opportunity to go through a prestigious college for virtually free through financial aid. Actually, not even for free. In the past 3 years, I have ended up with a net positive in my finances, an overfunding of financial aid, meaning I'm being paid to go to college. Isn't financial aid amazing? Are you a high school student or the parent of one? Do you want to learn about financial aid and what schools offer it? Or are you just interested in my story into college and throughout, and how I was able to receive this financial aid and thrive with it? Then this book is for you. *What You'll Learn: Why is college so expensive? How do I deal with this if college is so expensive? What is financial aid? Why would colleges offer financial aid to students? Which students in prestigious or ultra-competitive universities receive financial aid the most? How can colleges afford to give financial aid? Which colleges exactly give the best financial aid? What is a need-blind college? Are there actually colleges that exist that meet 100% of your financial need through financial aid? Are loans included in my financial aid package? How did I get into this competitive college? What credentials do I need to get into a competitive prestigious college? What are the most important factors in a college application? Will colleges really give you a full ride? What does a financial aid package look like? How did I maintain my finances in college after getting financial aid? What did my path to college look like? And so much more.* *What's Inside: A personal account of myself going through college on a full scholarship through financial aid. A comprehensive list of colleges that offer the best financial aid and are the most likely to give you a full ride. Actual examples of financial aid packages from different kinds of colleges and comparisons between them. Credentials needed to get into a competitive prestigious university.*
