The Everything War Dana Mattioli, 2024-04-23 Most Anticipated by Foreign Policy Globe and Mail Next Big Idea Club Must Read April Books A Publishers Weekly Best Book of the Year Will stand as a classic Christopher Leonard Riveting shocking and full of revelations Bryan Burrough From the Pulitzer Prize winning veteran Amazon reporter for The Wall Street Journal *The Everything War* is the first untold devastating expos of Amazon's endless strategic greed from destroying Main Street to remaking corporate power in pursuit of total domination by any means necessary In 2017 Lina Khan published a paper that accused Amazon of being a monopoly having grown so large and embedded in so many industries it was akin to a modern day Standard Oil Unlike Rockefeller's empire however Bezos's company had grown voraciously without much scrutiny In fact for over twenty years Amazon had emerged as a Wall Street darling and its customer obsession approach made it indelibly attractive to consumers across the globe But the company was not benevolent it operated in ways that ensured it stayed on top Lina Khan's paper would light a fire in Washington and in a matter of years she would become the head of the FTC In 2023 the FTC filed a monopoly lawsuit against Amazon in what may become one of the largest antitrust cases in the 21st century With unparalleled access and having interviewed hundreds of people from Amazon executives to competitors to small businesses who rely on its

marketplace to survive Mattioli exposes how Amazon was driven by a competitive edge to dominate every industry it entered bulldozed all who stood in its way reshaped the retail landscape transformed how Wall Street evaluates companies and altered the very nature of the global economy It has come to control most of online retail and uses its own sellers data to compete with them through Amazon s own private label brands Millions of companies and governmental agencies use AWS paying hefty fees for the service And the company has purposefully avoided collecting taxes for years exploited partners and even copied competitors leveraging its power to extract whatever it can at any cost It has continued to gain market share in disparate areas from media to logistics and beyond Most companies dominate one or two industries Amazon now leads in several And all of this was by design The Everything War is the definitive inside story of how it grew into one of the most powerful and feared companies in the world and why this lawsuit opens a window into the most consequential business story of our times

Jason Del Rey, 2023-06-20 A riveting investigation of the no holds barred battle between Amazon and Walmart to become the king of commerce For years Walmart and Amazon operated in separate spheres one a massive brick and mortar retailer the other an online giant But in 2016 Walmart aggressively moved into the world of e commerce while Amazon made big bets in physical retail The resulting rivalry is a bare knuckle power struggle as each titan tries to outmaneuver the other to become the biggest omnichannel retailer in the world As the two megacorporations have consolidated power troubling consequences have also emerged for consumers and small merchants faced with fewer buying and selling options and for millions of workers paid meager wages for demanding and sometimes dangerous work Winner Sells All is a tale of disruption and big money moves with legendary executives and fearless entrepreneurs in a battle between rival corporations and sometimes even within the same company to invent the future and cement their own legacies Veteran journalist Jason Del Rey chronicles the defining business clash of this generation a war waged for our loyalty and our wallets with hundreds of billions of dollars at stake and millions of jobs on the line As both companies continue to expand their empires into new industries Winner Sells All reveals how this battle will change the ways we shop live and work for decades to come
