preaching and advertising seem worlds apart from one another One tries to proclaim love of God and neighbor the other tries  
to sell you something that you may or may not need Yet both must compete with other ways we receive and process  
information in an increasingly distracted world While most of the time preaching simply tries to muddle through this  
situation advertising knows that it must continually relearn how to reclaim its audience s attention and keep it Believing that  
preaching can benefit from advertising s laser focus on how to make its message stick O Wesley Allen Jr a preaching  
professor and Carrie La Ferle a professor of advertising have written this first of its kind book on what preachers can learn  
from advertising Examples of these lessons include Sharpening one s analysis to understand the congregation better  
Encoding a message so that listeners can decode it for their individual lives Understanding how the form of the sermon leads  
to greater or lesser effectiveness Building the sermon around imagery and narrative The Naval History of Great Britain,  
from the Declaration of War by France in 1793, to the Accession of George IV. William James,1878
