Would Stan s eccentric fun loving disposition continue to be subdued by low self esteem and personal insecurities A timid child who had grown into a slightly less troubled young man Stan was approaching his nineteenth birthday with a pledge to continue the plan he had embarked upon nine years earlier Signs of success were emerging Happily Stan believed his recent experiences in both his personal and working life were far less daunting and withdrawn than he had once imagined at the age of ten He seemed to be on the cusp of nurturing a more confident demeanour with the potential to enrich his life in myriad ways With perseverance self control and the support of friends and family Stan sensed his future could develop into something beyond his wildest dreams His destiny however would be shaped by how he responded to the inevitable challenges along the bumpy road of his life While he acknowledged that some unfortunate or distressing events might strike and later haunt him his increased confidence gave him hope that such occurrences would be short lived and interspersed with moments of humour and excitement Ever the optimist he dreamed of love and happiness and possibly even forming an affectionate relationship with a lifelong partner Illustrated through separate linked novellas narratives of Stan s late teenage years and early adult life can be read as one continuous novel or enjoyed as individual short stories
