Alkin, 2004-02-24 Concern for evaluation theoretical prescriptions emerged about 40 years ago giving it a history that is both recent enough to be part of the living experience of many of today's theorists and old enough to afford an opportunity for an analysis of how the field has evolved over time This book examines current evaluation theories and traces their evolution with the point of view that theories build upon theories and therefore evaluation theories are related to each other Initially all evaluation was derived from social science research methodology and accountability concerns The way in which these evaluation roots grew to form a tree helps to provide a better understanding of evaluation theory Thus the book uses an evaluation theory tree as its central metaphor The authors posit that evaluation theories can be classified by the extent to which they focus on methods uses or valuing these three approaches form the major limbs of the tree In addition to the authors overview which analyzes the evaluation theory tree and connections among theories the book contains essays by most of the leading evaluation theorists In these pieces the evaluators comment on their own development and give their views of their placement upon the tree

**Fundamental Issues in Evaluation** Nick L. Smith, Paul R. Brandon, 2007-10-25 Providing state of the art perspectives on what evaluation is its purpose and how to ensure it is done well this book brings together major evaluation researchers

from a variety of social and behavioral science disciplines Each chapter identifies a fundamental issue facing the field today considers its implications for theory method practice or the profession and explores one or more approaches to dealing with the issue Among the topics addressed are the nature of expertise in evaluation how to build a better evidence base for evaluation theory promoting cultural competence in evaluation how to synthesize evaluation research findings ways to involve stakeholders in decision making and much more

Evaluating Justice Julian V. Roberts, Joe Hudson, 1993 There have been substantial developments in the field of program evaluation in Canada in recent years specifically in the evaluation of justice programs However there is very little published material available on program evaluations of justice programs in Canada Evaluating Justice Canadian Policies and Programs is intended to address this need and to serve as a supplementary text and reader that provides Canadian materials and cases illustrating basic principles for organizing and doing program evaluation research Practitioners in private practice and those employed in government as evaluators will find this book a useful source of information about the evaluation of justice programs in this country The book contains sections on the police courts and corrections Each chapter consists of case studies dealing with different substantive matters and justice programs undertaken in different parts of the country Each chapter presents basic information about the substantive program as well as the approach used in its formal evaluation Each chapter is written by a Canadian scholar or practitioner
