New skills are necessary to create advertising that builds brand and sales. In his latest book Vaynerchuk argues that today's fast growing businesses, brands, content creators and influencers have one thing in common. They mastered storytelling in areas of underpriced attention which predominantly exists across a handful of social media platforms. Informed by 20 years of business and marketing success he contends that the biggest transformation and opportunity is the TikTokification of Social Media. Increasingly platforms are distributing content based on what users are interested in rather than who they follow.
