

COMPARE AND CONTRAST

Read the passage carefully. Identify if the given statements compares (CE) or contrasts (CT) the two characters.

Jen had a best friend whose name was also Jenn but with a double "n." They had beautiful brown eyes and blonde hair. But Jenn had long, wavy hair, while Jen had short, straight hair. They went to the same school and studied in the same class. They enjoyed playing sports together. They both excelled in their artistic talents, with a knack for drawing. One of them had a cat as a pet, while the other had a dog. They had different favorite colors, adding a unique touch to their friendship. They were responsible and often helped each other with homework. Coincidentally, their birthdays were in the same month. They loved their pets very much. Jenn took her cat wherever she went, while Jen's dog was her constant companion. However, tragedy struck when Jen forgot to close her dog's cage one day, and that was the last day she saw her pet. On the other hand, Jenn's cat brought joy to her life, and they played together every night.

Statistics for People Who (Think They) Hate Statistics Neil J. Salkind, Bruce B. Frey, 2005-08-07. The bestselling *Statistics for People Who Think They Hate Statistics* teaches an often intimidating and difficult subject in a way that is informative, personable, and clear. The authors take students through various statistical procedures, beginning with correlation and graphical representation of data and ending with inferential techniques and analysis of variance. In addition, the text provides instruction in SPSS and includes reviews of more advanced techniques such as reliability, validity, introductory non-parametric statistics, and more. The Eighth Edition features a streamlined structure, reducing the total chapters from 19 to 14 for improved clarity and focus. Content has been thoroughly revised for better readability, and the text is now available in full color. It is also available in Sage Vantage, an easy-to-use learning platform that offers practice problems, end-of-chapter quizzes, author videos, data activities, and other interactive tools to support student learning. Instructors see how Vantage works. Take a brief self-guided tour with our interactive demo.
