**DIGITAL MARKETING ESSENTIALS A Practical Guide for Modern Marketers** Dr. Soni Kumari, The digital era has revolutionized how businesses connect communicate and create value for their customers Marketing once confined to print radio and television has undergone a profound transformation with the advent of the internet and social media Today the marketer s toolkit is redefined by data analytics search engine optimization social media engagement and automation tools that make interactions faster smarter and measurable Digital Marketing Essentials A Practical Guide for

Modern Marketers has been conceptualized and designed to serve as a comprehensive academic and practical reference for learners educators and professionals navigating this dynamic digital landscape This book systematically explores the foundations and applications of digital marketing through a structured learner centric approach It covers essential areas such as Search Engine Optimization SEO Search Engine Marketing SEM Social Media Marketing Content Strategy Email Campaigns and Digital Analytics supported by real world case studies visual frameworks and actionable insights Each unit aims to bridge the gap between theory and practice ensuring that readers not only understand digital concepts but can also apply them effectively in professional scenarios In developing this work the emphasis has been placed on clarity relevance and applicability The chapters are aligned with the evolving academic curriculum and industry expectations integrating conceptual understanding with hands on tools used by modern marketers The inclusion of Check Your Progress sections practical examples and curated references further enhances the reader s engagement and comprehension The author extends heartfelt gratitude to colleagues mentors students and professionals who contributed their insights and feedback during the development of this book Their encouragement and critical perspectives have played a vital role in refining the content Special thanks are due to the Institute of Management Studies Ranchi University for fostering an environment that promotes academic excellence and innovation It is hoped that this book will serve as a valuable guide for students educators and marketing practitioners seeking to master the evolving dimensions of digital marketing In a world where technology continues to reshape communication and commerce the knowledge contained within these pages aspires to equip readers with both the strategic thinking and practical skills necessary to thrive as future ready marketers Dr Soni Kumari Assistant Professor Institute of Management Studies Ranchi University *Entertained or Else* Tina Kendall, 2025-09-18 This book considers the complex and often contradictory relations that are forged between boredom and everyday media use in the twenty first century and demonstrates how networked media have developed new technical means of capitalizing on boredom s state of suspension to make it into a source of value creation Focusing on the discursive technological and affective structures that encourage users to be entertaining and to remain entertained the book analyses how boredom has been increasingly instrumentalized as both an individual mood and a wider structure of feeling that drives participation across media networks It identifies the range of cultural techniques for codifying classifying sensing and pre empting boredom as well as those that teach users counter intuitively to embrace boring media as a means of coping with the intensities of always on existence However if boredom is positioned in a digital network culture as a feeling that keeps driving us back to our social media feeds it is important to ask how else it might operate While the technological affordances of computational media have put pressure on our ability to conceive of boredom as a radical challenge to digital capitalism this book attempts to think about the potential that might still be embedded in boredom s capacity to temporarily suspend or to neutralize dominant structures of attention and affect Building on the work of Giorgio Agamben Byung Chul Han Roland Barthes and

from historical accounts of boredom and entertainment the book provides a new understanding of boredom in the context of networked media
