Research in Education ,1973 *Resources in Education* ,1994-10 *Computer Simulations of Space Societies*
William Sims Bainbridge,2018-06-09 At the intersection of astronautics computer science and social science this book
introduces the challenges and insights associated with computer simulation of human society in outer space and of the
dynamics of terrestrial enthusiasm for space exploration Never before have so many dynamic representations of space
related social systems existed some deeply analyzing the logical implications of social scientific theories and others open for
experience by the general public as computer generated virtual worlds Fascinating software ranges from multi agent
artificial intelligence models of civilization to space oriented massively multiplayer online games to educational programs
suitable for schools or even for the world s space exploration agencies At the present time when actual forays by humans into
space are scarce computer simulations of space societies are an excellent way to prepare for a renaissance of exploration
