International Economics H L Bhatia, 2006

Rapid Developments In International Economic Relations Have Exposed The Inadequacy Of The Conventional Theory Of International Trade In Explaining The Emerging Contours Of Intereconomy Interdependence And The Decisive Role Played By A Host Of Determining International Economics Robert J. Carbaugh, 2000

This text combines a concise treatment of international trade and financial theories with contemporary issues and cases that demonstrate the relevance of theory to real world economic problems. It presents theoretical discussions in both verbal and graphical terms. The text is issue oriented and can be covered in a one semester or one quarter course.

International Economics Dominick Salvatore, 2001

This book presents an evenhanded unbiased intuitive coverage of all the standard topics as well as the latest theoretical and policy issues in international economics. This book presents principles and theories thoroughly but at an intuitive level in the chapters and more rigorously in the appendices. This book maintains a tight connection with the real world including 108 real world case studies.
