

The background of the cover features a detailed illustration of a filamentous microorganism, likely a cyanobacterium or green alga. It consists of a central, thicker filament with several smaller, thinner filaments branching off. Numerous spherical, greenish-yellow cells are attached to these filaments. Each cell is shown in a semi-transparent view, revealing internal structures such as a nucleus, nucleolus, and other organelles. The overall color palette is dominated by shades of green, yellow, and orange against a dark background.
