A Study In Contrastive Analysis And Error Analysis:

Contrastive Analysis vs. Error Analysis in Respect of their Treatment of the Avoidance Phenomenon Elena Gluth, 2020-04-06 Seminar paper from the year 2003 in the subject English Language and Literature Studies Linguistics grade 1 5 Free University of Berlin Institut für Englische Philologie language English abstract This research paper compares contrastive analysis with the error analysis approach in respect of their treatment of avoidance behaviour It considers several researches on avoidance behaviour and shows that contrastive analysis predicts the avoidance phenomenon in most cases and therefore gives a complete description of the areas of difficulty for learners of a second language There exist two different approaches for the identification of possible learning problems in the second language acquisition contrastive analysis and error analysis A number of proponents of an error analysis approach claim that contrastive analysis cannot serve as an adequate tool for identifying the areas of difficulty for learners of a second language But on the other hand it has been noticed that error analysis is not able to explain the avoidance phenomenon since error analysis registers only the errors done by learners of a second language Avoidance behaviour represents a communicative strategy of a learner of a second language by which the learner prefers using a simpler form instead of the target linguistic element for the reason of difficulty on the part of the target feature Consequently avoidance behaviour serves as a manifestation of learning problems and its results should be definitely considered when compiling language syllabi and tests *Errors in Language Learning and Use* Carl James, 2013-12-02 *Errors in Language Learning and Use* is an up to date introduction and guide to the study of errors in language and is also a critical survey of previous work Error Analysis occupies a central position within Applied Linguistics and seeks to clarify questions such as Does correctness matter Is it more important to speak fluently and write imaginatively or to communicate one's message Carl James provides a scholarly and well illustrated theoretical and historical background to the field of Error Analysis The reader is led from definitions of error and related concepts to categorization of types of linguistic deviance discussion of error gravities the utility of teacher correction and towards writing learner profiles Throughout the text is guided by considerable practical experience in language education in a range of classroom contexts worldwide

Bilinguality and Bilingualism Josiane F. Hamers, Michel Blanc, 1989-02-16 The study of bilingualism the subject of this important textbook is no longer exclusively an academic preoccupation but is a practical necessity in today's multilingual world Over the past decades researchers from a wide range of disciplines linguistics psychology neurology and sociology have been fragmented and often inaccessible to students *Bilinguality and Bilingualism* a thoroughly revised and updated version of the authors textbook published in French provides a comprehensive critical review of current research focusing on the need for genuinely explanatory accounts and the development of satisfactory theoretical models The book explores the way in which bilingualism develops in childhood or later on its social neurological and psychological foundations and on the social and cultural consequences of bilingualism It also explores the wider issues of languages in contact both

psycholinguistic research to language teaching translation and interpreting and also language planning and policy making The multidisciplinary material is deftly and logically organised to provide a refreshingly clear synthesis which will be invaluable to students and also to specialists who want an up to date account of research in different disciplines It will also be an important reference work for language teachers and for professionals involved in language planning and multilingual education

Resources in Education ,1976 *A Survey of Contrastive Analysis and Error Analysis* Wendee Olivia Smith Rogers,1980 The Routledge Handbook of Korean as a Second Language Andrew Sangpil Byon,Danielle Ooyoung Pyun,2022-04-19 The Routledge Handbook of Korean as a Second Language aims to define the field and to present the latest research in Korean as a second language KSL It comprises a detailed overview of the field of KSL teaching and learning discusses its development and captures critical cutting edge research within its major subfields As the first handbook of KSL published in English this book will be of particular interest to advanced undergraduates graduate students language teachers curriculum developers and researchers in the fields of KSL and applied linguistics While each chapter will be authored by internationally renowned scholars in its major subfields the handbook aims to maintain accessibility so that it can also be of value to non specialists

Contrastive Study on Spanish and English Beatriz Berruti,2000 **The Routledge Linguistics Encyclopedia** Kirsten Malmkjaer,2009-12-04 An encyclopedia covering the major and subsidiary areas of linguistics and applied linguistics It includes the seventy nine entries providing coverage of the topics and sub topics of the field It is suitable for specialists and non specialists alike

A Taste for Corpora Fanny Meunier,Gaëtanelle Gilquin,Magali Paquot,2011 The eleven contributions to this volume written by expert corpus linguists tackle corpora from a wide range of perspectives and aim to shed light on the numerous linguistic and pedagogical uses to which corpora can be put They present cutting edge research in the authors respective domain of expertise and suggest directions for future research The main focus of the book is on learner corpora but it also includes reflections on the role of other types of corpora such as native corpora expert users corpora parallel corpora or corpora of New Englishes For readers who are already familiar with corpora this volume offers an informed account of the key role that corpus data play in applied linguistics today As for readers who are new to corpus linguistics the overview of approaches methods and domains of applications presented will undoubtedly help them develop their own taste for corpora This volume has been edited in honour of Sylviane Granger who has been one of the pioneers of learner corpus research

Research in Basic Writing Martin Jacobi,Michael G. Moran,1990-02-15 This reference handbook surveys research on the central issue associated with the teaching of unprepared writers Though basic writing has only been recognized as a distinct area of teaching and research since 1975 the existing bibliographic texts already seem limited due to their age or lack of annotation This volume provides current and extensive bibliographic essays and will help to define this new field of study for teachers and researchers Following an introduction that summarizes the origins and significant texts in basic writing the book is divided into three sections Social Science

Perspectives Linguistic Perspectives and Pedagogical Perspectives The first section which contains three essays views the field through the lens of social psychological and political issues The second section also containing three essays examines contributions made from studies of grammar dialects and second language acquisition The third section in its four essays focuses on the design development administration and evaluation of basic writing courses the use of computers in basic writing classrooms the role of the writing lab and the preparation of basic writing teachers An appendix that reviews current textbooks for basic writing courses is also included as well as an index This book will be a valuable resource for teachers of basic writing in education courses and workshops that train teachers and tutors and in fields such as linguistics technical writing and Teaching English as a Second Language It will also be an important addition to public and university libraries and many education programs

Contrastive Analysis and Error Analysis Pedro Obando,1982 **Proceedings** ,1990
Contrastive Analysis Carl James,1998 **Bima Research Papers** ,2012-12 **Kwansei Gakuin University Annual Studies** ,1983 *Error Analysis* Jack C. Richards,2015-12-14 The eleven essays in this book cover a wide range of topics from the role of interlanguage and the influence of external factors on the process of language learning to the development of syntax and the methodology of error analysis Collectively they provide a valuable perspective on the learning process which both enriches our theoretical understanding of the processes underlying second language acquisition and suggests ways in which teaching practice may best exploit a learner s skills

A Generative Approach to the Phonological Comparison of Dutch and Spanish Eliane van Stichel,1990 **From Error to Intelligibility** Mineo Suenobu,1989
Multilingualism and Applied Comparative Linguistics Frank Boers,Jeroen Darquennes,Rita Temmerman,2007 In February 2006 the first international conference on Multilingualism and Applied Comparative Linguistics MACL was held in Brussels Belgium The aim of the MACL conference was to bring together scholars from various branches of applied linguistics with a shared interest in cross linguistic and cross cultural communication The conference thus fostered an exchange of knowledge and expertise among researchers from various disciplines including educational linguistics cultural linguistics terminography translation studies and studies of specialised languages The present book is the first of two volumes containing a selection from the approximately 120 papers that were presented at that three day event
