GIRLS® Freya India, 2026-02-26 Anyone who cares about the girls and young women in their lives should read *GIRLS* Jonathan Haidt author of *The Anxious Generation* *GIRLS Gen Z and the Commodification of Everything* is a passionate provocative and deeply personal journey into the pressures shaping young lives today Freya India shows that age old anxieties of girlhood are now being amplified by modern life and exploited like never before While previous generations of women were relentlessly sold products and procedures we have become the product We display our lives on Instagram advertise ourselves on dating apps and package ourselves into personal brands making anxiety feel overwhelming and unmanageable We have transformed from girls into *GIRLS* from people into products Each chapter of *GIRLS* focuses on a common anxiety in adolescent girls lives from insecurities about our faces and bodies to our reputation and social status to our friendships and romantic relationships Along the way India traces how rapidly culture and technology have evolved over the past decade This isn't just a book for girls For young women it offers a nostalgic if unsettling reflection on the world they've grown up in and reassurance that they're not alone in their struggles For younger girls it provides context for where these challenges began and warns where they might be headed And for parents teachers and older generations it serves as a reminder that these issues have never been so intense *GIRLS* concludes with a message of hope reminding readers how to reclaim their privacy defend their dignity and above all return to being people instead of products **Omnichannel**
