Taught Saket Shah,2025-04-09 I didn't write this book to teach you astrology I wrote it to help you see For years I practiced Jyotish as a science calculating predicting analyzing But beneath every technique was a lingering feeling That there was something sacred we were missing That the planets were more than points of data they were living intelligences gazing back This book was born from that realization It began as a question What if planetary aspects are not just about angles but divine attention What if Argala isn't just influence but cosmic interference What if Virodha isn't opposition but the soul's test of will What if Graha Yuddha is not a war in the sky but a mirror of the war within And what if all of this every gaze every silence every push and pull was a part of something larger A map A myth A message from the divine waiting for someone like you to decode it not with logic but with presence This book is not exhaustive It is not filled with remedies or rules It is a transmission one that honors the mystery of Vedic astrology not by solving it but by bowing to it Thank you for walking with me through this vision May you carry it forward with humility wonder and a sight that reaches beyond stars Saket Shah Author Seeker Eternal Student of the Light *Rashi Drishti Seeing Through the Eyes of Signs* Saket Shah,2025-04-08 When I first encountered Rashi Drishti it felt like a whisper from a forgotten part of astrology a subtle current beneath the roaring river of planetary aspects While most texts focused on Graha Drishti yogas and dashas this quiet technique remained hidden in plain sight reserved for those who dared to look deeper This book was born out of that quiet curiosity Rashi Drishti is not just a technique It's a way of seeing the chart differently as if peeling back the veils to discover how signs silently influence each other beyond planetary presence Once you begin observing through this lens charts no longer look flat they breathe reflect and gaze In writing this work I wasn't aiming for popularity I was aiming for clarity for those seekers and astrologers who feel that something is always missing in conventional interpretations I wanted to offer you a torch not a tunnel A key not a cage May this book inspire you to trust your own inner drishti the sight that pierces through the surface and reveals the soul of the chart If you felt seen understood or awakened in these pages then the signs have done their work and so have I
