*Handbook of the American Short Story* Erik Redling, Oliver Scheiding, 2022-01-19

The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical political backgrounds, short story theories developed by writers, print and digital culture to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.

**Symbolism 17: Latina/o Literature** Rüdiger Ahrens, Florian Kläger, Klaus Stierstorfer, 2017-10-10

The complex nature of globalization increasingly requires a comparative approach to literature in order to understand how migration and commodity flows impact aesthetic production and expressive practices. This special issue of *Symbolism: An International Journal of Critical Aesthetics* explores the trans-American dimensions of Latina/o literature in a trans-Atlantic context. Examining the theoretical implications suggested by the comparison of the global North/global South dynamics of material and aesthetic exchange, this volume highlights emergent Latina/o authors, texts, and methodologies of interest in comparative literary studies. In the essays, literary scholars address questions of transculturation, translation, and reception of Latina/o literature in the United States and Europe. In the interviews, emergent Latina/o authors speak to the processes of creative writing in a transnational context. This volume suggests how the trans-American dialogues found in contemporary Latina/o literature elucidate trans-Atlantic critical dialogues.

**Drown** Junot Díaz, 2007-12-18 **U.S. Latino Literature** Margarite Fernández Olmos, Harold Augenbraum, 2000-09-30

In the past ten years, literature by U.S. Latinos has gained an extraordinary public currency and has engendered a great deal of interest among educators. Because of the increase in numbers of Latinos in their classrooms, teachers have recognized the benefits of including works by such

important writers as Sandra Cisneros Julia Alvarez and Rudolfo Anaya in the curriculum Without a guide introducing courses on U S Latino literature or integrating individual works into the general courses on American Literature can be difficult for the uninitiated While some critical sources for students and teachers are available none are dedicated exclusively to this important body of writing To fill the gap the editors of this volume commissioned prominent scholars in the field to write 18 essays that focus on using U S Latino literature in the classroom The selection of the subject texts was developed in conjunction with secondary school teachers who took part in the editors course This resultant volume focuses on major works that are appropriate for high school and undergraduate study including Judith Ortiz Cofer s *The Latin Deli Piri* Thomas Down *These Mean Streets* and Cisneros *The House on Mango Street* Each chapter in this Critical Guide provides pertinent biographical background on the author as well as contextual information that aids in understanding the literary and cultural significance of the work The most valuable component of the critical essays the Analysis of Themes and Forms helps the reader understand the thematic concerns raised by the work particularly the recurring issues of language expression and cultural identity assimilation and intergenerational conflicts Each essay is followed by specific suggestions for teaching the work with topics for classroom discussion Further enhancing the value of this work as a teaching tool are the selected bibliographies of criticism further reading and other related sources that complete each chapter Teachers will also find a Sample Course Outline of U S Latino Literature which serves as guide for developing a course on this important subject
