### COVER LETTER

---

#### Dear Hiring Manager,

I have always followed Google's mission to organize the world's information and make it universally accessible and useful. As a product manager, I am excited to bring my experience in user-centric product development to Google, where I can contribute to the company's mission and make a meaningful impact on the world.

In my current role at ABC Company, I spearheaded a comprehensive strategy review that aligned product development with customer market needs, resulting in a successful repositioning of our flagship product. This initiative not only boosted sales but also enhanced user satisfaction by addressing key pain points. My efforts resulted in a 15% increase in user retention and a 20% improvement in customer feedback scores, demonstrating my ability to drive product success through data-driven decision-making and cross-functional collaboration.

I am eager to bring my track record of thoughtful product strategy and complex problem-solving to Google, where I can continue to grow and contribute to the company's mission. I am looking forward to discussing how my skills and experience align with your needs and how I can contribute to your team's success.
