Is Linux a better desktop operating system than Microsoft Windows? David Ratajczak, 2015-02-23 Pre University Paper from the year 2015 in the subject Computer Science Software language English abstract When we hear the name Linux we usually think about an operating system for nerds and other people with too much free time Well that's only partially true since Linux itself isn't an operating system Linux is a core for operating systems which are built around it The history of Linux dates back to the early nineties when Linus Torvalds a student of computer science and a member of the Swedish minority of Finland started to write his own little operating system core just for fun Later he mentioned this operating system core on a newsgroup and he also added the possibility of releasing it under the GPL eventually he did so This paper examines and compares technical aspects as well as everyday use and of Linux and Microsoft Windows *Large-scale Energy Reductions Through Sensors, Feedback, and Information Technology* K. Organization and Economy,2018 **It's Not about the Truth** Don Yaeger,2007 Mike Pressler walked into the bottom floor meeting room of the Murray Building and as he had done hundreds of times over a sixteen year career at Duke University prepared to address his men's lacrosse team. Forty six players sat in theater style chairs all eyes riveted forward. It was 4:35 P M on Wednesday April 5 2006. The program's darkest hour had arrived in an unexpected and explosive announcement. Pressler a three time ACC Coach of the Year informed his team that its season was canceled and he had resigned effective immediately. While his words reverberated off the walls hysteria erupted. Players cried confused over a course of events that had spun wildly out of control. What began as an off campus team party with two hired strippers had accelerated into a rape investigation one that exposed prosecutorial misconduct shoddy police work an administration's rush to judgment and the media's disregard for the facts dividing both a prestigious university and the city of Durham. Wiping away tears Pressler demonstrated the steely resolve that helped him win more than two hundred games. For the next thirty minutes Pressler put his personal situation aside and encouraged his players to stick together. He also made a bold promise. One day we will get a chance to tell the world the truth. One day. This is that day. Pressler who has not done an interview since the saga began has handed his private diary from those three weeks to New York Times bestselling author Don Yaeger exposing vivid details including the day Pressler was fired when the coach asked Athletic Director Joe Alleva why the school wasn't willing to wait for the truth to come out. It's not about the truth anymore. Alleva said to the coach in a signature moment that said it all. In addition to Pressler Yaeger interviewed more than seventy five key figures intimately involved in the case. The result is a tale that defies logic. It is tough to be one of fifty people who believed a story when fifty million people believed something else. Pressler said. This wasn't about the truth to many of the others involved. My story is all about the truth. **Beverage Media**,2009-04 **Chain Store Age** ,2007
