*Technosleep* Catherine Coveney, Michael Greaney, Eric L. Hsu, Robert Meadows, Simon J. Williams, 2023-06-25 This book draws on a variety of substantive examples from science technology medicine literature and popular culture to highlight how a new technoscientifically mediated and modified phase and form of technosleep is now in the making in the global north at least and to discuss the consequences for our relationships to sleep the values we accord sleep and the very nature and normativities of sleep itself The authors discuss how technosleep at its simplest denotes the coming together or entanglements of sleep and technology and sensitizes us to various shifts in sleep technology relations through culture time and place In doing so it pays close attention to the salience and significance of these trends and transformations to date in everyday night life their implications for sleep inequalities and the related issues of sleep and social justice they suggest

[Experiencing Homelessness](#) James Park Canfield, 2015 This is one of the first books to focus on child homelessness in the context of school social work and related professional practice Beginning with ways to think about homelessness the book guides the reader through the important studies and findings as they relate to school social workers and other related professionals It provides readers with a detailed and thoughtful description of important policies that shape practice with homeless students and offers guidance on assessing perceived policy implementation **Today's Health**, 1972 *Time, Law, and Change*

Sofia Ranchordás, Yaniv Roznai, 2020-04-16 Offering a unique perspective on an overlooked subject the relationship between time change and lawmaking this edited collection brings together world leading experts to consider how time considerations and social political and technological change affect the legislative process the interpretation of laws the definition of the powers of the government and the ability of legal orders to promote innovation Divided into four parts each part considers a different form of interaction between time and law and change The first part offers legal theoretical

and historical perspectives on the relationship between time and law and how time shaped law and influences legal interpretation and constitutional change The second part offers the reader an analysis of the different ways in which courts approach the impact of time on law as well as theoretical and empirical reflections upon the meaning of the principle of legal certainty legitimate expectations and the influence of law over time The third part of the book analyses how legislation and the legislative process addresses time and change and the various challenges they create to the legal order The fourth and final part addresses the complex relationship between fast paced technological change and the regulation of innovations

*My Psychology* Andrew M. Pomerantz, 2022-09-22 Andy Pomerantz's *My Psychology* helps you understand how the science of psychology applies to your own unique life experiences **Impervious!** Joshua Ventre Health Strategist and Longevity Enthusiast!, 2015-04-07 Imagine how your life would be to have the knowledge and strategies to LIVE LONGER and stay in a PERPETUAL HEALTHY YOUTHFUL STATE of WELL BEING far into old age NEVER SICK NEVER TIRED SMOOTH SAILING CLEAR THOUGHTS and the SEX DRIVE of a hopped up hormone driven 18 year old with an AMAZING INDESTRUCTIBLE HEALTH HIGH and the body to match With each day just making you more ROBUST STRONGER HEALTHIER and going a long way towards your health and longevity My name is Joshua Ventre I'm a 36 year old average Joe just like you but fortunately health and longevity is pretty much the only hobby in my life so what that means for you is that I've already done all of the research and have already laid the groundwork for you Over the past few years I have read every health book available to me that I could get my hands on I've researched countless health articles and documentaries plus taken many health courses I've tried and tested nearly every health diet and most cutting edge supplements out there Over the years I've invested 1000s of dollars testing and compiling all of the most useful healthy info I could find that was available to me and now I want to share the results of that journey with you through this book I've put this course together for everyone out there like me to help armor and protect ourselves with the best possible optimal choices tools strategies and necessary weapons available to fight back against the constant bombardments of everyday attacks from the most dangerous life threatening toxic chemicals and unsafe harmful pollutants that lurk all around us all over the planet and reside in the food we eat the water we drink and the air we breathe These substances try to persistently invade our bodies on a rampant constant basis and send us on an incredible dwindling downward spiral of diminishing health by continually making us weak and sickly I'm gonna share with you through this course all of the best possible optimal strategies that I've learned through years of dedicated research that will afford you with superior immunity and the resilience to fight off all sickness and disease by making your body mind health and longevity IMPERVIOUS **1984 and Philosophy** Ezio Di Nucci, Stefan Storrie, 2018-05-18 Although the year 1984 is hurtling back into the distant past Orwell's novel *Nineteen Eighty Four* continues to have a huge readership and to help shape the world of 2084 Sales of Orwell's terrifying tale have recently spiked because of current worries about alternate facts post truth and fake news *1984 and Philosophy* brings together brand

new up to the minute thinking by philosophers about Nineteen Eighty Four as it relates to today s culture politics and everyday life Some of the thinking amounts to thoughtcrime but we managed to sneak it past the agents of the Ministry of Truth so this is a book to be read quickly before the words on the page mysteriously transform into something different Who s controlling our lives and are they getting even more levers to control us Is truth objective or just made up What did Orwell get right and did he get some things wrong Are social media opportunities for liberation or instruments of oppression How can we fight back against totalitarian control Can Big Brother compel us to love him How does the language we use affect the way we think Do we really need the unifying power of hate Why did Orwell make Nineteen Eighty Four so desperately hopeless Can science be protected from poisonous ideology Can we really believe two contradictory things at once Who surveils the surveilors

Everyday Extraordinary Barry Markovsky,2026-03-17 Experiences with strange phenomena such as ghosts UFOs psychics and miracle cures make for titillating stories Many of us leave these stories as just that stories but for some people the rabbit hole of conspiracy theories and otherworldly happenings leads down a dark path Paranoia and the belief in the paranormal have real life consequences What is the science behind these scenarios Everyday Extraordinary provides an antidote for the conspiracy theories medical quackery and science denial prevailing in today s pop culture People will always believe in the unbelievable In this skeptical and scientific investigation Barry Markovsky pushes back against harmful flights of fancy with down to earth and evidence based explanations wrapped in compelling stories Each of the chronologically ordered chapters has a Frontstage and Backstage section The Frontstage recounts a personal experience awakening from a night terror as a young child having my fortune told by a psychic the claims of an alternative medicine practitioner The Backstage section explains in simple terms what s actually going on mechanisms and functions behind our dreams how psychics use standard cold reading techniques how quack doctors distort evidence Each explanation is scientifically grounded but with minimal jargon and softened with anecdotes illustrations and humor Everyday Extraordinary makes sense of things that at first seem inexplicable Many of these experiences feel special and unique despite being remarkably common And even when not experienced directly most are all too familiar to readers through reality TV shows tabloids and social media The stories gently encourage readers to ask questions rather than jump to conclusions to consider alternative explanations for what happened to distinguish good evidence from bad to suspend judgment when the evidence isn t there to have a mind both open and skeptical to consider that what we wish to be true may not always be so Without being preachy the scientific explanations prove extraordinary in their own right Along the way readers accumulate tools for thinking critically about all sorts of claims extraordinary and otherwise

**Loose-Leaf Version of My Psychology** Andrew M.
