Powertrain Development with Artificial Intelligence Aras Mirfendreski,2022-04-04 The variety of future powertrain concepts has drastically increased the development cost for automotive manufactures Profitable investment requires a significantly leaner and efficient powertrain development process Traditional methods of test and model based development need to be assisted by big data and data analytics For this purpose a valuable tool is available at the right time artificial intelligence AI But what does AI really mean in a narrower sense What concepts lie behind it And how are the methods and algorithms transferable to powertrain applications For the first time this book aims to bridge the gap between automotive engineering and computer science by illuminating the complexity of current AI concepts and demystifying it for powertrain applications By elaborating on work processes it shows how AI could be implemented and how completely novel methods can help us reshape the future of mobility *AI ...*,2001 [Introduction to Element Theory](#) Phillip Backley,2011-07-07 A fresh alternative for describing segmental structure in phonology

Getting Skills Right Training Supply for the Green and AI Transitions Equipping Workers with the Right Skills OECD,2024-12-11 Adult learning systems are being called upon to prepare workers for major labour market shifts including the green transition and the rise of artificial intelligence AI in the workplace While initial education is important upskilling and reskilling the existing workforce is essential to help individuals and businesses adapt and prepare for these transitions Policy makers face the challenge of ensuring training is both relevant and inclusive yet there is limited understanding of whether current training supply is sufficient to meet current and future skill needs Most research focuses on the demand for skills with little insight into the supply To fill this gap this report uses evidence from new OECD questionnaires and an analysis of training catalogues to evaluate whether current training supply aligns with the skills needed for the green and AI transitions It also provides insight into the accessibility and flexibility of training efforts to guide policy makers in their efforts to develop more effective inclusive training strategies *The Holy Bible ...
