Using Digital Analytics for Smart Assessment Tabatha Farney, 2018-12-13 Tracking the library user's journey is no simple task in the digital world; users can often navigate through a series of different websites including library websites, discovery tools, link resolvers, and more just to view a single journal article. Your library collects massive amounts of data related to this journey, probably more than you realize and almost certainly more than you analyze. Too often, library analytic programs simplify data into basic units of measurements that miss useful insights. Here, data expert Farney shows you how to maximize your efforts: you'll learn how to improve your data collection, clean your data, and combine different data sources. Teaching you how to identify and analyze areas that fit your library's priorities, this book covers case studies of library projects with digital analytics, ways to use email campaign data from MailChimp or ConstantContact, how to measure click-through rates from unavailable items in the catalog to the ILL module, getting data from search tools such as library catalogs, journal search portals, link resolvers, and digital repositories using COUNTER-compliant data from your electronic resources, techniques for using Google Tag Manager for custom metrics and dimensions, descriptions of analytics tools ranging from library analytics tools like Springshare's LibInsights and Orangebo's Savannah to more focused web analytics tools like Google Analytics, Piwik, and Woopra, and data visualization tools like Tableau or Google Data Studio. Focusing on digital analytics principles and concepts, this book walks you through the many tools available, including step-by-step examples for typical library needs.

The Rhetorical Power of Popular Culture Deanna D. Sellnow, 2017-03-07 Can television shows like *Modern Family*, popular music by performers like Taylor Swift, advertisements for products like Samuel Adams beer, and films such as *The Hunger Games* help us understand rhetorical theory and criticism? The Third Edition of *The Rhetorical Power of Popular Culture* offers students a step-by-step introduction to rhetorical theory and criticism by focusing on the powerful role popular culture plays in persuading us as to what to believe and how to behave. In every chapter, students are introduced to rhetorical theories presented with current examples from popular culture that relate to the theory and guided through demonstrations about how to describe, interpret, and evaluate popular culture texts through rhetorical analysis. Author Deanna Sellnow also provides sample student essays in every chapter to demonstrate rhetorical criticism in practice. This edition's easy-to-understand approach and range of popular culture examples help students apply rhetorical theory and criticism to their own lives and assigned work.

Implications of Open Access Repositories: Quality Criteria and Features for Teachers' TPACK Development Rita Tavares, António Moreira, 2017-06-27 This brief will explore how open access repositories are being developed and maintained in order to provide, disseminate, and promote the development of digital educational resources. The main objective is to analyse open access repositories' quality criteria and features and how these can improve teachers' Technological Pedagogical Content Knowledge (TPACK) development. It is organized in six major sections. Section one addresses an historical overview of open access repositories. In section two, the authors present the objectives and the

methodology used in the present study Sections three four and five analyse namely i the prevalence of European Science Education open access repositories and teachers perceptions of those same repositories ii the most common European Science Education open access repositories features and their implications and iii the impact of open access repositories usage on teachers TPACK development The last section focuses on the analyses of a selected open access repository House of Sciences originally Casa Das Ciências addressing its characteristics and features the impact of social media features in digital educational resources re use and the relationship between repository quality criteria and teachers TPACK development
