Flour and Feed, 1906 Worlds Gone Awry John J. Han, C. Clark Triplett, Ashley G. Anthony, 2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as *The Lord of the Flies* *The Heart Goes Last* *The Giver* and *The Strain* Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails **NOVELS FOR STUDENTS** CENGAGE LEARNING. Representations of Technology in Science Fiction for Young People, **Collision of Realities** Lars Schmeink, Astrid Böger, 2012-05-29 Even though the fantastic in its most inclusive definition has been a part of our culture for as long as it exists it has not been a prominent feature of European academic interest With its inherent transgressive moment the fantastic allows for an ideal space of the cultural negotiation of political social and physical boundaries which should place it at the center of popular cultural research not as is the case at its periphery But the commencing boom of fantastic themes in contemporary media production has facilitated a paradigmatic change in research prompting a wide interest in the fantastic in all its forms from fantasy to horror from fairy tale to science fiction This volume addresses this growing interest by reviewing the status of research on the fantastic in Europe so far and by providing a necessary outlook for the future In the essays current trends such as the liminality debate as well as established discourses as for example on genre theory are brought together to show interested researchers a network of interdisciplinary from literary media and social studies approaches towards the fantastic **Blast, Corrupt, Dismantle, Erase** Brett Josef Grubisic, Gisèle M. Baxter, Tara Lee, 2014-06-16 What do literary dystopias reflect about the times In *Blast Corrupt Dismantle Erase* contributors address this amorphous but pervasive genre using diverse critical methodologies to examine how North America is conveyed or portrayed in a perceived age of crisis accelerated uncertainty and political volatility Drawing from contemporary novels such as Cormac McCarthy s *The Road* Neil Gaiman s *American Gods* and the work of Margaret Atwood and William Gibson to name a few this book examines dystopian literature produced by North American authors between the signing of NAFTA 1994 and the tenth anniversary of 9 11 2011 As the texts illustrate awareness of and deep concern about perceived vulnerabilities ends of water

oil food capitalism empires stable climates ways of life non human species and entire human civilizations have become central to public discourse over the same period By asking questions such as What are the distinctive qualities of post NAFTA North American dystopian literature and What does this literature reflect about the tensions and contradictions of the inchoate continental community of North America Blast Corrupt Dismantle Erase serves to resituate dystopian writing within a particular geo social setting and introduce a productive means to understand both North American dystopian writing and its relevant engagements with a restricted mapped reality
