The Dream Hacker Timothy Benson, 2018-08-13 Your dreams belong to you They're private and no one needs to know what happens in them But what if someone could invade your dreams And once in what if that someone could control what happens while you lie there powerless to affect the outcome Dylan Ward can do that Struggling to make partner in a law firm and finding it hard to hold on to a romantic relationship his nightly dreams become his escape into a world that seems far happier than his real one When he learns about the phenomenon of lucid dreaming where the sleeping person is actually conscious of the events in the dream he immerses himself in an attempt to master it Soon his nights are filled with fun and adventure where he has the power to control events and find temporary relief from his mundane life That relief soon pales when he reads an old legend about dream sharing that leads him to the idea of entering and controlling the dreams of others What starts out as an interesting experiment soon turns into an obsession of hacking into the dreams of the people in his life He begins a strange quest for vengeance power love and all the things that are missing from his real world But it's when he devises a way to teach other people how to invade dreams that the dangers of his obsession become frighteningly clear *The Dream Hacker* moves between imagination and reality along the hazy sleeping path that everyone travels but can't really navigate Mixing equal parts of dark humor and the angst of modern culture the story challenges our notions of understanding what is real and asks just how far a person will go to change the course of his life

Dissecting the Hack Jayson E Street, 2015-07-20 *Dissecting the Hack* The V3rb0t3n Network ventures further into cutting edge techniques and methods than its predecessor *Dissecting*

the Hack The Network It forgoes the basics and delves straight into the action as our heroes are chased around the world in a global race against the clock The danger they face will forever reshape their lives and the price they pay for their actions will not only affect themselves but could possibly shake the foundations of an entire nation The book is divided into two parts The first part entitled The Network continues the fictional story of Bob and Leon two hackers caught up in an adventure in which they learn the deadly consequence of digital actions The second part Security Threats Are Real STAR focuses on these real world lessons and advanced techniques as used by characters in the story This gives the reader not only textbook knowledge but real world context around how cyber attacks may manifest The Network can be read as a stand alone story or as an illustration of the issues described in STAR Scattered throughout The Network are Easter eggs references hints phrases and more that will lead readers to insights into hacker culture Drawing on The Network STAR explains the various aspects of reconnaissance the scanning phase of an attack the attacker s search for network weaknesses and vulnerabilities to exploit the various angles of attack used by the characters in the story basic methods of erasing information and obscuring an attacker s presence on a computer system and the underlying hacking culture All new volume of Dissecting the Hack by Jayson Street with technical edit by Brian Martin Uses actual hacking and security tools in its story helps to familiarize readers with the many devices and their code Features cool new hacks and social engineering techniques in real life context for ease of learning

Mind Hacking Jennifer Ferguson, 2019-05-22 If You Want to Change Your Life to Stop Overthinking Create Better Habits and Realize Your Life Goals then Keep Reading In today s fast paced society it is easy to slip slowly into routines that cultivate bad habits contributing to a poor and unhealthy lifestyle Luckily you don t have to remain stuck in these unhealthy routines forever In Mind Hacking How to Rewire Your Brain to Stop Overthinking Create Better Habits and Realize Your Life Goals you will learn all about the concept of neuroplasticity and how it is possible for you to change your life one habit at a time The brain is an infinitely complex structure where behavior patterns are rooted in emotional responses and ancient hardwiring that dates back to when our ancestors had to risk their lives for survival While the feeling brain responds to stimuli telling us what is dangerous and what is rewarding the thinking brain sometimes gets left behind to trail in our emotions wake This marvelous structure is also equipped with the capacity to change and rewire according to your conscious thoughts When you dive into the world of mind hacking you will learn to Address Negative Thought Patterns Remove Negative External Influences Recognize Emotion And Understand Its Source Redirect Negative Thought Processes Using Principles Of Neuroplasticity Banish Harmful Emotions Like Anxiety And Those Associated With Overthinking And Excessive Worrying Take The Journey Step By Step As You Create A Concrete Plan For Reshaping Your Life Cultivate 10 Daily Practices To Strengthen Your Self Esteem And Confidence And much more Once you ve mastered the techniques offered in this book the sky is the limit when it comes to possibilities for your new life What will you choose to become Do you lay awake at night thinking about where you would like to be in five
