As well as hard facts and practical information on every UK university, such as official ratings for teaching, statistics on where graduates end up and employment prospects by subject, the guide is also packed with useful information such as what the social scene is like, how much living costs are likely to be, and what the student profile at a particular university is really like. With a comprehensive entry on every UK university, *The Virgin Guide to British Universities* contains all the information and advice potential undergraduates will need to choose the best university for them. *University Rankings, Diversity, and the New Landscape of Higher Education*,2019-02-18 University rankings are a relatively new phenomenon in higher education. Although quite an established practice in the U.S., it is only within the last decade that attempts to analyse university performance have spread to the rest of the

world and that we also have seen new global rankings appear rankings attempting to measure university performance beyond national borders No wonder that this trend is accompanied by a growing interest in studying rankings throughout the world This book is written as part of the effort to better understand rankings and their effects on higher education A serious approach towards university rankings implies that rankings should be analysed properly including the methods used and the indicators chosen and investigate the objectives claimed If university rankings are considered as consumer information then everyone should have an interest in basing such guidance on valid and reliable data and methodology A serious analysis should also discuss the wider implications of rankings as an emerging phenomenon in higher education Consequently the contributions to this book investigate and analyse how different rankings work how they reach their conclusions and on what data and methodology they are built Furthermore it provides a critical reflection about the impact of rankings on higher education how and in what way rankings influence policy making the structure of the sector or the internal life of the sector
