

What Is a Cultural Analysis Essay?

A cultural analysis essay focuses on **social and cultural aspects of life:**

1. The ways people interact with each other
2. The ways how they create communities
3. The ways how this depends on their backgrounds & practices

Examples Of A Cultural Analysis

Richard Wagner Rodgerson

Examples Of A Cultural Analysis:

Cross-Cultural Analysis Michael Minkov, 2012-06-06 Cross Cultural Analysis is the sequel to Culture's Consequences the classic work published by Geert Hofstede one of the most influential management thinkers in today's times Hofstede's original work introduced a new research paradigm in cross cultural analysis studying cultural differences through nation level dimensions complex variables defined by intercorrelated items This paradigm has been subsequently used by hundreds of prominent scholars all over the world and has produced solid results This new text takes the next step It critically examines in one comprehensive volume the current prevalent approaches to cross cultural analysis at the level of nations that have been developed since Hofstede's work offering students and researchers the theoretical and practical advantages and potential pitfalls of each method The book is structured into four distinct parts Parts I and II focus on the main theoretical and statistical issues in cross cultural analysis using Hofstede's approach and the different research methods now associated with it Part II consists of presentations of all well known and some lesser known large scale cross cultural studies since Hofstede's work that have explained cross cultural variation in terms of dimensional models Part III summarizes the main conclusions to be drawn from the presentations in Part II and I explains how the proposed models have contributed to our practical understanding of cross cultural diversity

Cultural Analysis Hans Gullestrup, 2006 With internationalization the world is becoming smaller and the opportunity to meet people from other countries and cultures is becoming more common providing the need for cooperation shared knowledge and cross border trade Individual cultures tend to understand themselves best and base their understanding of the world and its peoples on ideas they each have come to believe irrespective of reality and thus make it difficult to reach a proper understanding of other cultures This book considers intercultural understanding and co action partly by means of general insights into the concept of culture and the dimensions which bring about cultural differences and partly as a methodology to analyze a certain culture whether one's own or others This leads towards an understanding of cultural complexity and cultural differences among people The book provides a discussion of a number of ethical issues which almost invariably will arise when people meet and co act across cultural boundaries Cultural Analysis offers a theoretical abstract proposal for cultural understanding intercultural plurality and complexity

An Ethno-geographical Analysis of the Material Culture of Two Indian Tribes in the Gran Chaco Erland Nordenskiöld, 1919

Comparative Cultural Analysis Keith F. Otterbein, 1972

Comparative Ethnographical Studies:

Ethno-geographical analysis of the material culture of two indian tribes in the Gran Chaco Erland Nordenskiöld, 1919

An Introduction to Social Research Howard Washington Odum, Katharine C. Jocher, 1929

Organizational Culture in Action Gerald W. Driskill, Angela Laird Brenton, 2010-09-13 This book is a practical guide to reading the culture of organizations and to understanding the implications of culture for organizational effectiveness Sharing their experiences from over 25 years of consulting and teaching the authors make the process of cultural analysis practical

and applicable Beginning with an explanation of the theories of organizational culture the book provides guidance on collecting information leading students through qualitative research methods of observation interviewing and analyzing written texts Students come away equipped to apply cultural insights to fostering diversity supporting organizational change making leadership more dynamic understanding the link between ethics and culture and achieving personal growth Key Features Application activities are integrated throughout each chapter Inviting students to apply the concepts learned these activities can also be used in class or for assignments Four contexts chapters contain topical cases and examples These chapters demonstrate the value of cultural analysis as students consider the implications for change ethics diversity and leadership Includes numerous real life examples Based on the authors extensive consulting experience these examples help students see the material applied in context NEW Expanded discussion of ethics with related cases and sections on multicultural organizations generational diversity the use of dialogue groups and intercultural training bring the text thoroughly up to date
