

PRACTICE ACT READING TEST — 35 MINUTES

PROSE FICTION: *Three Laws*

5 It's easy to imagine Mercer, but trickier to
remember it. In my mind I reassemble the city from a
stock of memories that grow a little more ghostly each
time I summon them. The morning always appears
10 first—the liquid shine of fresh-washed sheet glass, two
veterans in Roosevelt Park asleep beneath the shadow
of a bronzed anchor; stray dogs swallowing bits of soft
pretzel scavenged from behind the fair grounds—these
scenes I return to often, and they've become like old,
15 handspun lace—intricate, diaphanous and fragile. I
sometimes wonder, when at last that lone thread of true
memory wears through, whether or not the whole
reverie, like lace, will unravel.

20 Of course it's possible to approach Mercer from
without; to finger it on the globe, or trace the
serpentine belly of Highway 51 across the pages of a
road atlas, right through the hills of Pennsylvania into
town. But that's not the town that I remember. My
25 memories begin in the center and radiate outward like a
ripple, dying off as they collide with the hilltops that
surround the valley.

30 The poet James Wright once wrote that no one
would choose to die in Mercer. He might be right. But
the people who inhabit Mercer when I remember it
don't die. They don't have the energy to die. They say
that, in the universe, energy can't be created or
25 destroyed, but transferred, transformed—that's
something I learned after I left for school. And all the
energy must have left Mercer a long time before I did. I
can imagine the last clay-red train sputtering out of
Rodney Station—cargo load just half-full of ore—
30 leaving Mercer and the ground beneath it hollow.

35 I suppose that's the trouble with a mining town. It
thrives on the land like an unwary parasite, marveling
at its own good fortune. But when the host gives out,
it's hopeless. With every shard of anthracite picked
clean from the river bed, I can see the kids who live
outside of town, staggering home along the banks,
40 galvanized buckets dangling empty from their hands.
Maybe that's what bothered James Wright—not
wanting to die on dead land. But when I remember
Mercer, the people there live on arrested, unable to
grow or die, and a few mad miners persist, still
45 hollowing out the mountains from a mile underground.

50 Sometimes I try to imagine how the town has
changed—which store windows on Market Street are
empty, boarded up, or shattered, and whether the train
yard is overgrown now in either rust or wildflowers.
Left alone, the universe tends toward maximum chaos.
That's another thing I learned at school. If that's true,

then I guess Mercer must have fallen apart entirely, and
suddenly I see the valley sinking, as the mountains
stretch out and fold in overtop, like kneaded dough,
burying the town, breaking it, and redistributing the
55 pieces throughout the soil. Other times it seems more
likely it's just my memories of Mercer that are being
swallowed up. I guess eventually there will be two
Mercers—the one I left in Pennsylvania, and the one
that I return to, built up and founded entirely in my
60 mind.

65 But tonight, at least, I'm remembering the Ferris
wheel on the fair grounds, its girders lit by ten dozen
lemon-yellow incandescent bulbs, writing huge,
desolate zeroes in the late August night. Light in
motion I remember clearly. I can see the white-hot
glow of furnaces through a glass factory window; the
70 probing gleam of headlights sliding across the ceiling
as a car turns down my old street. There's an old trick
used to prove that light travels as a wave—close up,
light shining through a keyhole will just take the shape
of a keyhole, but if the beam travels a greater distance,
it refracts, and reveals the gaps and fissures of darkness
75 hidden within. The lights of Mercer reach me in the
far-field; blurred and fractured by the long journey
they've taken. Like starlight, I can't even be sure the
source is still extant. But if light is a wave lapping
against us; an ocean oscillating through illumination
and shadow, then time is the tide, and it pulls a sea of
80 light onto the shore, engulfing and flooding it. Then
light recedes, taking with it what was left too near
waves, and leaves the rest, at last, in darkness.

1. Which of the following can we infer describes the narrator?

- A. A traveler on a visit to the town of Mercer
- B. A former resident of Mercer recollecting the town
- C. A current towns person residing in Mercer
- D. A poet who says people won't choose to die in Mercer

2. What attribute of the lace does NOT make it a fitting metaphor for the ideas being expressed in paragraph 1 (lines 1-13)?

- F. its frailty
- G. its complexity
- H. its color
- J. its thickness
