Wasted Byron Reese,Scott Hoffman,2021-06-01 Wasted is a riveting exploration of the complicated and often surprising ways that waste occurs in our businesses our communities and our lives A smart unconventional book that takes readers far

beyond what they think they know about a complex subject Kari Byron former cast member of MythBusters Waste We spend a great deal of energy trying to avoid it but once you train your eyes to look for it you ll see it all around you in your home your business and your everyday life In Wasted futurist Byron Reese and entrepreneur Scott Hoffman take readers on a fascinating journey through this modern world of waste drawing on science economics and human behavior to envision what a world with far less of it or none of it at all might look like Along the way they explore thought provoking issues such as why the United States got a higher proportion of its energy from renewable sources in 1950 than it does today whether the amount of gold in unused mobile phones can be extracted for profit how switching to water fountains on a single route from Singapore to Newark could prevent the use of 3 400 plastic bottles on each flight whether the amount of money you save buying goods in bulk is offset by the amount you lose when some spoil Ultimately the question of reducing waste is scientific philosophical and most of all complex According to Reese and Hoffman the rush toward simple answers has often led to well meaning efforts that cause more waste than they save The only way we can hope to make progress is to treat waste as the complicated issue it is While the authors don t promise easy answers in this compelling book they take an important step toward solutions by examining the questions at play giving actionable steps and ensuring that you ll never see the world of waste the same way again

Sustainable Marketing Paul Randle,Alexis Eyre,2023-12-03 SHORTLISTED Business Book Awards 2024 Sales Marketing Becoming a sustainable marketer is no longer an optional extra Sustainability has become a necessity for the future but do you feel confident delivering on this for your clients and customers Sustainable Marketing is a blueprint for embedding sustainability at the heart of marketing Exposing the disturbing reality of marketing s current relationship with many of our environmental and societal problems it challenges the traditional role of marketing its cultural norms and gross inefficiency It goes on to present a compelling vision for change and a practical guide for marketing professionals equipping them with the mindset and tools to transform their daily work and the industry as a whole into a force for good This is the perfect guide for marketing and sustainability professionals working through their company s sustainable transformation whilst trying to avoid the pitfalls of greenwashing and carbon myopia Written by experts who apply their unique framework to the issue this book takes what may feel like an insurmountable challenge and breaks it down giving in depth advice and providing real world success stories from companies of all sizes including Tony s Chocolonely The Onlii and AkzoNobel
