Chapter 34, Section 3

## Impact of Technology

### Impact on Foreign Affairs

New technologies are enabling greater communication among people around the world. However, poorer nations often lack the wealth or infrastructure to participate in this global network.

### Impact on Government

Privacy and ownership rights have become issues faced by the federal government. In 1998, the government sued the giant software company Microsoft, accusing it of gaining a monopoly over Internet browsers.

### Impact on Daily Life

Americans have come to rely on technology, such as cell phones and the Internet, for keeping in touch with friends and family, shopping, and many other tasks. However, some have begun to question whether the advantages of modern technology outweigh the disadvantages.
