The Dream Is Over Simon Marginson,2016-09-08 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program for monographs Visit www.luminosoa.org to learn more The Dream Is Over tells the extraordinary story of the 1960 Master Plan for Higher Education in California created by visionary University of California President Clark Kerr and his contemporaries The Master Plan s equality of opportunity policy brought college within reach of millions of American families for the first time and fashioned the world s leading system of public research universities The California idea became the leading model for higher education across the world and has had great influence in the rapid growth of universities in China and East Asia Yet remarkably the political conditions supporting the California idea in California itself have evaporated Universal access is faltering public tuition is rising the great research universities face new challenges and educational participation in California once the national leader lags far behind Can the social values embodied in Kerr s vision be renewed

Kiplinger's Personal Finance ,2009-08 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics

Higher Education in the Asian Century Christopher Hill,Rozilini M. Fernandez-Chung,2016-12-01 There is increasing interest in the Asian arena both as a home for the delivery of international higher education and as a breeding ground for a new brand of sustainable domestic and international growth Academics are increasingly turning to Asia and Asian Education in order to better understand and predict the emerging trends of global education and this book will serve to provide a forum for debate of this nature The book provides an insight into the interplay of Asian and European education identifies the key areas for further development and firmly grounds the approach as one of conversation and dialogue rather than one sided dictation It also highlights the critical issues within the development of international education discusses the value and challenges of existing TNE practices as a mechanism to respond to the emerging Asian needs and provides an insight into the future direction of education in the Asian century
