Canada-U.S. Tax Comparisons John B. Shoven, John Whalley, 2007-12-01 In the increasingly global economy domestic tax policies have taken on a new importance for international economics This unique volume compares the tax reform experiences of Canada and the United States two countries with the world's largest bilateral flow of trade and investment With the signing of the U S Canada Free Trade Agreement and the tax reforms of the 1980s there has been some harmonization of tax systems But geographic cultural and political characteristics shape distinct national social policies that may impede harmonization As the U S and Canadian economies become even more integrated differences in tax systems will have important effects in particular on the relative rates of economic growth In this timely study scholars from both countries show that while the United States and Canada exhibit similar corporate tax structures and income tax systems they have very different approaches to sales tax and social security taxes Despite these differences the two countries generate roughly the same amounts of revenue produce similar costs of capital and produce comparable distributions of income New York Court of Appeals. policymaking process in the domain of public finance across nearly a century of history beginning with President Herbert Hoover during the Great Depression and ending with the first two years of the Trump presidency Although the book focuses on historical variation in presidential control especially during the New Deal era and the Reagan era the theory and empirical analysis are highly relevant for recent incumbents In particular O'Brien shows that during the Great Recession and beyond the initial efforts of Presidents Barack Obama and Donald Trump to change the established course during a period of unified party control of the government were largely undercut by each president's limited control over administration Presidential Control over Administration is a groundbreaking contribution to our understanding of the presidency and policymaking
