Performance Richard L. Alfred, 2012 Organizational Performance Core Concepts Conceptions of Performance Thinking Differently

Higher Education in the United States James J. F. Forest, Kevin Kinser, 2002-06-21 Surveys the changing landscape of American higher education from academic freedom to virtual universities from campus crime to Pell Grants from the Student Privacy Act to student diversity In the years following World War II college and university enrollment doubled students revolted faculty unionized and community colleges evolved Tuition and technology soared as did the number of first generation minority and women students These changes radically transformed the American system of postsecondary education Today that system is in trouble Its aging professoriate prepares for retirement but low academic salaries can no longer attract the best minds to replace them A flood of corporate dollars funds commercial research but money for basic research the seedbed of American scientific preeminence has dried up Colleges and universities also face heated competition with for profit education providers for students faculty and external financial support along with the costs of providing remedial education to growing numbers of students who are unprepared for postsecondary education Higher Education in the United States provides a comprehensive analysis of these issues and others that scholars and practitioners of higher education study discuss and grapple with on a daily basis

Assembly West Point Association of Graduates (Organization), 1992 *The Parent-School Board Feuds* Gerard Giordano, 2024-10-02 The Parent School Board Feuds Essential Steps by Parents to Improve Schools recounts parent school board feuding about controversial classroom topics their disagreements about school policies and the impact that parents had during the pandemic and continue to have today

Social Justice and Community College Education Bryan Reece, 2021-07-05 This book explores the central role community colleges play in American social justice The United States has long standing social and cultural structures that perpetuate inequality along race ethnicity and income lines The primary role of American community colleges is to disrupt these structures on behalf of the students we serve In this sense community colleges are called to play a subversive role in contemporary society but it is a good kind of subversion Social Justice and Community College Education makes four very important contributions to this conversation First the book helps us quantify and understand the size and dimension of the equity gaps in higher education by tracking ten specific student groups from historically underserved communities Second the book summarizes best practices research and literature with regard to pedagogy services programs and leadership in community colleges presenting practical strategies for implementation Third through a national survey of community college personnel the book covers significant new territory in

the discussion of work we need to do collaboratively as community colleges Fourth this book captures the unique and special mission of American community colleges Our work is the work of social justice and we carry this work out in society at a greater volume with greater intentionality and through greater expertise than any other sector of higher education In this arena community colleges should lead

USA Today Index, 1996 *The College Completion Glass—Half-Full or Half-Empty?* Tiffany Beth Mfume, 2018-12-21 Despite the Great Recession and looming student loan debt crisis college education remains the most proven invaluable lifetime investment and serves as the most reliable path to upward mobility and socioeconomic class reassignment Mfume suggests that the value added of even one year of college can be transformative As higher education professionals and partners continue to advocate for new and improved college retention and graduation measures *The College Completion Glass Half Full or Half Empty Exploring the Value of Postsecondary Education* presents a new paradigm for higher education one that focuses on the value added of postsecondary education as well as on student success beyond the traditional measure of college graduation rates a model which merges conventional practices and supports for students with non traditional partnerships with and advocacy from successful non completers
