**Character Limit** Kate Conger, Ryan Mac, 2024-09-17 Named a Best Book of the Year by Kirkus Reviews Riveting Character Limit offers a telling lesson in the cost of getting everything you want The Washington Post You couldn t hope for a better ringside seat on the unfolding drama

Character Limit is a triumph The Guardian Masterful in how it paints a picture and puts you in the room with the famous entrepreneur Character Limit is a page turner Forbes Rising star New York Times technology reporters Kate Conger and Ryan Mac tell for the first time the full and shocking inside story of Elon Musk s unprecedented takeover of Twitter and the forty four billion dollar deal s seismic political social and financial fallout The billionaire entrepreneur and Tesla CEO Elon Musk has become inextricable from the social media platform that until 2023 was known as Twitter Started in the mid 2000s as a playful microblogging platform Twitter quickly became a vital nexus of global politics culture and media where the retweet button could instantly catapult any idea to hundreds of millions of screens around the world unleashing raw collective emotion like nothing else before While its founder had idealistically dreamed of building a digital town square he detested Wall Street and never focused on building a profitable business Musk joined the platform in 2010 and by 2022 had become one of the site s most influential users hooking over 80 million followers with a mix of provocations promotion of his companies and attacks on his enemies To Musk Twitter once known for its almost absolute commitment to free speech had badly lost its way He blamed it for the proliferation of what he called the woke mind virus and claimed that the survival of democracy and the human race itself depended on the future of the site In January of 2022 Musk began secretly accumulating Twitter stock By April he was its largest shareholder and soon after made an unsolicited offer to purchase the company for the unimaginable sum of 44 billion dollars Backed into a corner Twitter s board accepted his offer but Musk quickly changed his mind forcing Twitter to sue him to close the deal in October The richest man on earth controlled one of the most powerful media platforms in the world but at what price Before long Twitter would be gone for good replaced by something radically different as Musk remade the company in his own image from the ground up The story of the showdown between Musk and Twitter and his eventual takeover of the company is unlike anything in business or media that has come before In vivid cinematic detail Conger and Mac follow the inner workings of the company as Musk lays siege to it first from the outside as one of its most vocal users and then finally from within as a contentious and mercurial leader Musk has shared some of his version of events but Conger and Mac have uncovered the full story through exclusive interviews unreported documents and internal recordings at Twitter following the billionaire s takeover With unparalleled sources from within and around the company they provide a revelatory three dimensional and definitive account of what really happened when Musk showed up spoiling for a brawl and intent on revolution with his merciless sycophantic cadre of lawyers investors and bankers This is the defining story of our time told with uncommon style and peerless rigor In a world of viral ideas and emotion who gets to control the narrative who gets to be heard and what does power really cost **Moranifesto** Caitlin Moran,2016-11-29 From the New York Times bestselling author of How to Be a Woman and Moranthology comes a collection of Caitlin Moran s award winning London Times columns that takes a clever hilarious look at celebrities society and the wacky world we live in today including three major new pieces exclusive to this book When Caitlin Moran sat down to choose

her favorite pieces for her new book she realized that they all shared a common theme the same old problems and the same old ass hats Then she thought of the word Moranifesto and she knew what she had to do Introducing every piece and weaving her writing together into a brilliant seamless narrative just as she did in Moranthology Caitlin combines the best of her recent columns with lots of new writing unique to this book as she offers a characteristically fun and witty look at the news celebrity culture and society Featuring strong and important pieces on poverty the media and class Moranifesto also focuses on how socially engaged we've become as a society And of course Caitlin is never afraid to address the big issues such as Benedict Cumberbatch and duffel coats Who else but Caitlin Moran a true modern Renaissance woman could deal with topics as pressing and diverse as the beauty of musicals affordable housing Daft Punk and why the Internet is like a drunken toddler Covering everything from Hillary Clinton to UTIs Caitlin's manifesto is an engaging and mischievous rallying call for our times

South African Gardening and Country Life, 1929 **Water** Ewa Macura-Nnamdi, Tomasz Sikora, 2025-03-12 Drawing on some recent developments in the blue humanities this book addresses water as a material political and cultural phenomenon across a variety of spatial and temporal contexts Moving beyond the somewhat hackneyed concepts of fluidity and flows this volume gathers critical perspectives that balance between the scientific the social the bio political and the cultural The contributors to this book draw on a wide and rapidly growing body of scholarship that includes but is not limited to maritime climate change and Anthropocene studies as well as the blue humanities Three major broadly conceived currents of thought run through these essays the protean relationalities that water enables appropriations of water in modernist logics of regulation and management and the problematic figurations of water in scientific philosophical cultural political and legal discourses Thematically the chapters address a wide range of phenomena events and concepts including Mediterranean migrant deaths water as a medium of not only human intimacy and queer potentiality swimming pools the 2000 Cochabamba water war the legacy of Grotius's legal philosophy imperialist and capitalist notions of property and ownership notions of purity and contamination hydroelectricity's impact on the perception of time the inadequacy of disciplinary knowledge and pedagogy and maternal figurations of water in some contemporary feminist theorizations This book will be of interest to scholars working at the intersection of broadly conceived cultural and water studies It can also be used as a coursebook for teachers offering courses on the politics and aesthetics of water It was originally published as a special issue of *Angelaki*

Amazon Is Going to Take Over the Retailing World The Thank You Economy is about something big something greater than any single revolutionary platform It isn't some abstract concept or wacky business strategy it's real and every one of us is doing business in it every day whether we choose to recognize it or not It's the way we communicate the way we buy and sell the way businesses and consumers interact online and offline The Internet where the Thank You Economy was born has given consumers back their voice and the tremendous power of their opinions via social media means that companies and brands have to compete on a whole different level than they used to Gone are the days when a blizzard of marketing dollars could be used to overwhelm the airwaves shut out the competition and grab customer awareness Now customers demands for authenticity originality creativity honesty and good intent have made it necessary for companies and brands to revert to a level of customer service rarely seen since our great grandparents day when business owners often knew their customers personally and gave them individual attention Here renowned entrepreneur Gary Vaynerchuk reveals how companies big and small can scale that kind of personal one on one attention to their entire customer base no matter how large using the same social media platforms that carry consumer word of mouth The Thank You Economy offers compelling data driven evidence that we have entered into an entirely new business era one in which the companies that see the biggest returns won't be the ones that can throw the most money at an advertising campaign but will be those that can prove they care about their customers more than anyone else The businesses and brands that harness the word of mouth power from social media those that can shift their culture to be more customer aware and fan friendly will pull away from the pack and profit in today's markets Filled with Vaynerchuk's irrepressible candor and wit as well as real world examples of companies that are profiting by putting Thank You Economy principles into practice The Thank You Economy reveals how businesses can harness all the changes and challenges inherent in social media and turn them into tremendous opportunities for profit and growth
