Bachelor Thesis from the year 2020 in the subject Business economics Offline Marketing and Online Marketing grade 2 0 Reutlingen University ESB Business School language English abstract With fitness being a huge topic over the last couple of years many fitness brands started collaborating with fitness influencers on social media platforms Especially micro influencers on Instagram have gained attention in the previous years since they show high engagement rates and are perceived as credible sources of information Particularly for young consumers micro influencer marketing has turned out to be an effective and contemporary brand communication strategy The present bachelor thesis gives an overview of the effects of Instagram micro influencers on the buying decision Here the impact on Generation Z towards fitness products was examined with an extensive literature review and a quantitative study in the form of an online survey With the results of the study insights on the relationship between fitness related micro influencers and Generation Z s buying decision could be gained Although social media and fitness related micro influencers play an essential part in the worldwide growth of the fitness industry there is a dearth of research about their relationship with the buying decision of consumers Especially for product managers in the health and fitness industry it can be beneficial to understand these connections to better leverage influencer dynamics in their social media strategies Moreover there is a lack of studies focussing on the implications of these micro influencers on Generation Z specifically Generation Z consumers are the most digital and most reliant in terms of influencer recommendations As emerging adults in their developmental stage they can still be influenced in terms of their fitness habits Therefore brands and businesses in the fitness sectors can profit from understanding their buying behavior which allows them to adapt their influencer marketing campaigns accordingly Finally it cannot be disregarded that fitness is

an issue that people will always be concerned with since it strongly affects their well being Against this background this study aims to approach the following research question How do micro influencers on Instagram affect the purchasing decision of Generation Z towards fitness products *Impact of Influencer Marketing on Young Women's Customer Experience on Cosmetic Products* Jule Prescher,2023-06-06 Bachelor Thesis from the year 2023 in the subject Communications Multimedia Internet New Technologies grade 1 3 University of applied sciences Cologne language English abstract This thesis aims to realize how influencer marketing performs and its impact on the Cx Therefore the research addresses the following questions How powerful are influencers these days What is different about influencer marketing and why is it a successful strategy How do people perceive information shared by influencers and which factors are decisive for potential customers to purchase products advertised by influencers What impact does an influencer have on the overall Cx The internet has been fully integrated into people s daily lives worldwide over the past years The percentage of the world s population with access to the internet has doubled from 32% in 2011 to 63% in 2021 90% of people from developed countries access the internet in 2021 At the same time the number of social network users is increasing These networks have the purpose of connecting with friends In 2022 5 billion people have access to the internet worldwide and 4 7 billion people use social media SM Ultimately 93% of those with internet access own at least one SM account that is more than half the population worldwide Through time companies found new marketing strategies which reached active people on SM These platforms are necessary to reach Generation Z people born in the late 1990s They are different and cannot be reached in the same way as they watch Netflix instead of TV or listen to Spotify instead of the radio for example Influencer marketing became a 10 billion industry in 2020 Influencers share their lives on SM networks Due to their high reach they receive offers from companies for cooperation Influencers followers admire and trust their recommendations due to their personal and authentic representation While advertising products influencers show how to use them where to buy them and give their opinion For higher sales influencers often receive promo codes for a discount or free products for each order *The Girl Who Touched The Stars* Bonnie Hancock,2024-02-01 It took an ocean to learn it s not how fast you paddle but how deep inside you dig PRAISE Bonnie s ability to endure extreme physical pain paddling for such a long time is a testament to what humans are made of or can be if inclined to such craziness Thank you Bonnie for the motivation Jessica Watson author adventurer and sailor Bonnie is bravery and determination personified Her strength is brought to life in an incredible story and if you want to feel like everything is possible this is the story for you Bonnie will show you that when life offers a challenge she will return serve and do it in style Leisel Jones Olympic gold medallist I m in awe of Bonnie s almighty leap of faith to set out on this expedition into the complete unknown A challenge that would test every part of her being forcing Bonnie and her amazing team to dig deeper than they ever thought possible Every time I paddle out into the surf after reading about Bonnie s epic adventure I think how proud I am that a friend accomplished one of the craziest world record
